Proposal for a

COUNCIL DECISION

relating to the conclusion of a Protocol adjusting trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Lithuania, of the other part, to take account of the accession of the Republic of Austria, of the Republic of Finland and of the Kingdom of Sweden to the European Union and the outcome of the Uruguay Round negotiations on agriculture, including improvements to the existing preferential arrangements

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. The object of the attached proposal for a decision is to obtain the Council's approval for the outcome of the Commission's negotiations with various central European countries and the Baltic states on adjustments to the Europe Agreement to take account of the accession of Austria, Finland and Sweden to the Union and the outcome of the Uruguay Round negotiations on agriculture. The decision also incorporates improvements to the Community's existing preferential arrangements, as per the negotiating brief from the Council.

2. This proposal and its additional Protocols will introduce on a permanent basis the autonomous measures which are now in force concerning **fishery products** (due to enlargement), **textiles** (due to enlargement) and **agricultural products** (due to enlargement, the Uruguay Round and improvements decided by the Council). The adaptations in the field of **processed agricultural products** are caused by enlargement, the Uruguay Round, improvements decided by the Council and includes also the determination of the agricultural component in line with the provisions of the Europe Agreement (Protocol 2) between the EC and Lithuania.

Fishery and textiles products

The parts of the Additional Protocols that concern fishery and textiles products reflect the existing autonomous measures.

Basic agricultural products

The annexes for basic agricultural products are reflecting the concessions implemented by transitorial and autonomous measures by the Community (Council Reg. N° 1926/96); with the following technical updating due to the globally managed (with the other CEECs) system (MIPS Minimum Import Price System for soft fruits) or quotas (live bovine animals)¹:

1. live bovine animals: introduction of the CN code 0102.90.21 and 0102.9029, reflecting the widening of the animals weight (exceeding 80 kg, but not exceeding 300 kg);
2. bovine mountain races : increasing of the quota from 5000 heads to 7000 heads;
3. soft fruits: new MIPS arrangements text into the "Annex to the Annex" including the 20% reduction of the existing minimum import prices (blackcurrants excluded), and 50 % reduction of duties for the soft fruit concerned.

For matter of simplification, the different annexes for each country present in the autonomous measures (reg. 1926/96), have been put together in one single annex (plus the "annex to the annex" for MIPS arrangements) for each country.

¹ Moreover the Council mandate of 27 June 1996, referring to the adaptation of the Baltic FTA, clearly stated the importance to avoid any legal and economic discrimination between the other CEECs and the Baltic States.

Processed agricultural products

The new Protocol 2 as included in the draft Additional Protocol under Annex F will replace the current Protocol to the Europe Agreement.

It consolidates the autonomous measures currently in force (Regulation (EC) No 340/97²) and further improves the concessions in favour of Lithuania. Improvement is mainly achieved through the abolition of the quota restrictions on goods which, upon import into the Community, are not subject to a specific agricultural component.

The new Protocol does also include the agricultural components Lithuania may charge on imports from the Community as well as a timetable for reducing the current duties to the level of the agricultural component.

3. The Protocol adjusting the trade aspects has been initialled on 4 September 1997 by the European Commission and Lithuania.

4. The Council's adoption of this proposal will enable the provisional arrangements currently in force to be replaced by more permanent, dependable arrangements, which will contribute to improving our trade ties with Lithuania.

² OJ No L 58, 27.02.1997, p. 25. This Regulation expires on 30/06/1997. A proposal for its extension until 31/12/1997 is before the Council (COM(97) 262 final).

PROPOSAL FOR A COUNCIL DECISION

relating to the conclusion of a Protocol adjusting trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Lithuania, of the other part, to take account of the accession of the Republic of Austria, of the Republic of Finland and of the Kingdom of Sweden to the European Union and the outcome of the Uruguay Round negotiations on agriculture, including improvements to the existing preferential arrangements

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 113 thereof, in conjunction with the first sentence of Article 228(2),

Having regard to the proposal from the Commission,

Whereas the Protocol adjusting trade aspects of the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Lithuania, of the other part, hereinafter referred to as 'the Protocol', should be approved with a view to taking account of the accession of the Republic of Austria, of the Republic of Finland and of the Kingdom of Sweden to the European Union and the outcome of the Uruguay Round negotiations on agriculture, including improvements to the existing preferential arrangements;

Whereas the Commission should be authorised to take measures to implement the Protocol, notably with regard to basic and processed agricultural products;

Whereas by Regulations (EC) Nos 1926/96,³ 921/96⁴ and 340/97⁵ the Community brought forward implementation of the measures contained in the Protocol relating to basic agricultural products, processed agricultural products, textile products and fishery products, respectively; whereas, therefore, appropriate measures should be taken to ensure a smooth transition between the preferential arrangements applied under those Regulations and those provided for by the Protocol,

ANNEX F

PROTOCOL 2

ON TRADE BETWEEN LITHUANIA AND THE COMMUNITY IN PROCESSED AGRICULTURAL PRODUCTS.

Article 1

1. The Community and Lithuania apply to processed agricultural products the duties, listed in Annex I and Annex II respectively in accordance with the conditions mentioned therein, whether limited by quota or not.
2. The Association Council will decide :
 - the extension of the list of processed agricultural products under the present Protocol
 - the amendment of the duties mentioned in the Annexes of the present Protocol
 - the increase or abolition of tariff quotas mentioned in the Annexes of the present Protocol
3. The Association Council may replace the duties established by the present Protocol by a regime established on the basis of the respective market prices of the Community and Lithuania of the agricultural products actually used in the manufacture of processed agricultural products subject to the present Protocol. It will establish the list of goods subject to these amounts and as a consequence, the list of basic products; to this end, it will decide the general rules of application.

Article 2

The duties applied conforming to Article 1 may be reduced by decision of the Association Council:

- when in trade between the Community and Lithuania the duties applied to the basic products are reduced or
- in response to reductions resulting from mutual concessions relating to processed agricultural products.

The reductions provided for under the first indent will be calculated on the part of the duty designated as the agricultural component which shall correspond to the agricultural products actually used in the manufacture of the processed agricultural products in question and deducted from the duties applied to these basic agricultural products.

Article 3

The Community and Lithuania will inform each other of the administrative arrangement adopted for the products covered by this Protocol.

These arrangement should ensure equal treatment for all interested parties and should be as simple and flexible as possible.

DECLARATION

If Lithuania reduces its duty rates applicable on a MFN basis to imports from non-Community origins for goods listed in Annex II to Protocol 2 below those in force on 1 January 1997, the preferential duty rates applicable to imports from the Community of these goods shall be adjusted in order to maintain the relative preference of the Community.

ANNEX TO ANNEX G

Minimum import price arrangement for certain soft fruit for processing

1. Minimum import prices are fixed as follows for the following products for processing originating in the Republic of Lithuania:

CN Code	Description	Minimum import price (ECU/100 kg net)
ex 0810 30 10	Blackcurrants, fresh, intended for processing	38,5

2. The minimum import prices, as set out in Article 1, will be respected on a consignment by consignment basis. In the case of a customs declaration value being lower than the minimum import price, a countervailing duty will be charged equal to the difference between the minimum import price and the customs declaration value.
3. If the import prices of a given product covered by this Annex show a trend suggesting that the prices could go below the level of the minimum import prices in the immediate future, the European Commission will inform the Lithuanian authorities in order to enable them to correct the situation.
4. At the request of either the Community or Lithuania, the Association Council shall examine the functioning of the system or the revision of the level of the minimum import prices. If appropriate, the Association Council shall take the necessary decisions.
5. To encourage and promote the development of trade and for the mutual benefit of all parties concerned, a consultation meeting will be organised three months before the beginning of each marketing year in the European Community. This consultation meeting will take place between the European Commission and the interested European producers' organisations for the products concerned, on the one part and the authorities', producers' and exporters' organisations of all the associated exporting countries, on the other part.

During this consultation meeting, the market situation for soft fruit including, in particular, forecasts for production, stock situation, price evolution and possible market development, as well as possibilities to adapt supply to demand, will be discussed.
