Brussels, 02.08.2001
COM(2001) 463 final

Proposal for a

COUNCIL DECISION

concerning the Community position within the Association Council on the participation of Bulgaria in the Community programme Fiscalis.

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. Introduction

In line with Article 7 of the European Parliament and Council Decision 888/98/EC¹, the existing Fiscalis programme may be opened to the candidate countries of Central and Eastern Europe (CEECs) and Cyprus. No mention is made of Malta and Turkey in this provision.

Previously, the European Council, at its meeting in Luxembourg (December 1997), stressed the importance of the participation of candidate countries in Community programmes in the context of the pre-accession strategy, as a means to familiarise them with Community working methods and procedures. The Helsinki European Council of December 1999 confirmed the enlargement process launched in Luxembourg. The enhanced Pre-Accession Strategy defined in 1997 has been reiterated, which includes the participation of the 13 candidate States in Community programmes as an important part of such strategy.

As regards the ten candidate countries of Central and Eastern Europe (CEECs), participation in Community programmes is provided in their respective Europe Agreements. Pursuant to the Europe Agreements, the conditions and modalities of these countries' participation are defined by the respective Association Councils.

In addition to those Community programmes in which candidate countries already participate, it is now proposed to decide terms and conditions for the participation of **Bulgaria, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovakia and Slovenia** in the Community programme **Fiscalis** for the duration of its remaining lifetime, i.e. till 31 December 2002.

The general objectives of the Fiscalis programme are:

- to enable officials to achieve a high common standard of understanding of Community law, in particular in the field of indirect taxation and of its implementation in Member States;
- to secure efficient, effective and extensive co-operation among Member States and between them and the Commission;
- to ensure the continuing improvement of administrative procedures to take account of the needs of administrations and taxpayers through the development and dissemination of good administrative practices.

The objective of opening it to the candidate countries will further contribute to their preparations for accession as a key feature of the pre-accession strategy. It will also enable these countries to familiarise themselves with the procedures and methods used in this Community programme.

2. Candidate countries of Central and Eastern Europe (CEECs)

¹ OJ L 126 of 28.04.98, p.1

The Europe Agreements with these countries entered into force on various dates and provide for their participation in Community programmes dealing with a wide range of areas. They provide the possibility that other fields of Community activities may be added, if considered to be of mutual interest, so that activities in the field of internal market can be included too.

The decision-making process for this participation requires a decision by the Association Council of each of these Europe Agreements, which sets up the terms and conditions for such participation.

According to the provisions of the Europe Agreements or their additional protocols concerning these countries' participation in Community programmes, they will meet the costs resulting from their participation.

In this connection, the Luxembourg European Council indicated that candidate countries should steadily increase their own financial contribution, but agreed that Phare, if necessary, would continue to part-finance these countries' financial contributions; such support should, however, *"remain at around 10% of the Phare appropriation, not including participation in the research and development framework programme"*. The European Council also stated that *"The applicant States should be allowed to take part, as observers and for the points which concern them, in the management committees responsible for monitoring the programmes to which they contribute financially, under specific arrangements adapted to the case in question"*.

The ten CEECs, namely **Bulgaria, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, the Slovakia and Slovenia**, confirmed to the Commission in writing their willingness to participate in the **Fiscalis** programme as from 2001, under the terms and conditions of the annexed draft Association Council Decisions, and to make available the necessary budgetary appropriations, as calculated by the Commission services.

The main issues addressed in these draft Decisions between the EC and, respectively, the above-mentioned 10 countries adopting the terms and conditions for their participation in the **Fiscalis** programme are the following:

- conditions for submission, assessment and selection of applications will be as far as possible in conformity with those prevailing for the Member States of the Union
- CEECs will contribute financially to the Community budget of the programme. The financial contributions have been calculated with a view to approximating CEEC conditions as far as possible to those applied to Member States. The annual contribution from each CEEC may be financed partly from its own budget and partly from its national Phare allocation, which should not exceed the above-mentioned 10% limit
- they will be invited as observers and for the points which concern them to the meetings of the programme committee
- these countries will be associated to the monitoring of their participation in the programme

- the Decisions shall apply for the remaining lifetime of the programme. Nevertheless, should the Community decide to extend the lifetime without any substantial change within the programme, the Decisions may also be extended correspondingly and automatically if no Party denounces them.

3. Conclusions

The adoption of the Association Council Decisions for the ten CEECs, allowing these candidate countries to participate in the Community's **Fiscalis** programme as from 2001, will offer them the opportunity to actively integrate in the Community's policies in this area, as part of the pre-accession strategy. It will also contribute to reinforce their institutional and administrative capacity ("Institution Building"). It is, therefore, of considerable political importance.

In order to allow the participation of **Bulgaria**, the **Czech Republic**, **Estonia**, **Hungary**, **Latvia**, **Lithuania**, **Poland**, **Romania**, **Slovakia** and **Slovenia** in the Community **Fiscalis** programme as from 2001, the Council is invited to take the respective Community position within the corresponding Association Council as set up in the ten annexed draft Council Decisions.

ANNEX I

TERMS AND CONDITIONS FOR THE PARTICIPATION OF BULGARIA IN THE FISCALIS PROGRAMME.

1. As stated in Article 7 of Decision No 888/98/EC⁶ of the European Parliament and of the Council of 30 March 1998 establishing a programme of Community action to ameliorate the indirect taxation systems of the internal market - the Fiscalis programme (hereinafter called "the Programme") - Bulgaria's participation in the Programme shall be in accordance with the conditions laid down in the Europe Agreement, the Additional Protocol and insofar as Community law on indirect taxation so permits. Accordingly, Bulgaria's participation in the Programme's activities shall be under the following conditions:
 - Activities foreseen in Article 4 (communication and information-exchange systems, manuals and guides) will be allowed insofar as Community indirect taxation provisions make it possible;
 - Activities foreseen in Article 5 (1) (exchanges of officials) and (2) (seminars) as well as those foreseen in Article 6 (common training initiative) will be allowed under the conditions laid down in these articles;
 - Activities foreseen in Article 5 (3) (multilateral controls) would not be allowed as the Community legal framework⁷ for co-operation in this domain is only applicable to countries which are Member States of the EU.
2. The terms and conditions for the submission, assessment and selection of applications for seminars and exchanges related to officials of Bulgaria shall be the same as those applicable to officials of the 15 national administrations of the Member States of the European Union.
3. Annex II establishes the financial contribution to the general budget of the European Union that Bulgaria will have to pay at the beginning of every financial year to cover the costs resulting from its participation in the Programme, from 2001 to 2002. The Association Committee is entitled to adapt this contribution whenever necessary in accordance with the principles laid down in Article 109 (2) of the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part.
4. Representatives of Bulgaria will participate, as observers and for the points which concern them, in the Standing Committee on Administrative Co-operation in the field of Indirect Taxation foreseen in Article 11 (1) of

⁶ OJ L 126 of 28.04.98, p.1

⁷ Directive 77/799/EEC and Regulation 218/92/EEC

Decision No 888/98/EC. This Committee shall meet without the presence of representatives of Bulgaria for the rest of the points, as well as at the time of voting.

5. The Member States of the European Union and Bulgaria will make every effort, within the framework of the existing provisions, to facilitate the free movement and residence of all eligible persons to the Programme moving between Bulgaria and the EU Member States for the purpose of participating in activities covered by the Decision.
6. Without prejudice to the responsibilities of the Commission of the European Communities and the Court of Auditors of the European Communities in relation to the monitoring and evaluation of the Programme pursuant to the Decision concerning Fiscalis, the participation of Bulgaria in the Programme will be continuously monitored on a partnership basis involving Bulgaria and the Commission. Bulgaria will submit the necessary reports to the Commission and take part in other specific activities set out by the Community in that context.
7. The language to be used as regards the application process, contracts, reports to be submitted and other administrative arrangements for the Programme, will be one of the official languages of the European Community.
8. The Community and Bulgaria may terminate activities under this Decision at any time upon twelve months' notice in writing. Activities in progress at the time of termination shall continue until their completion under the conditions laid down in this Decision.

ANNEX 2

FINANCIAL CONTRIBUTION OF BULGARIA TO THE FISCALIS PROGRAMME

1. The financial contribution of Bulgaria will be added to the amount available each year in the general budget of the European Union for commitment appropriations to meet the Commission's financial obligations stemming from work to be carried out for the implementation, management and operation of the Fiscalis programme.
2. The financial contribution has been calculated considering an average daily allowance of EURO 146 and an average travel allowance of EURO 695 representing costs incurred for participating in seminars and exchanges. It is estimated for the calculation of the financial contribution that Bulgaria will participate in 15 seminars and 20 exchanges as an average number of activities per year. The financial contribution may be adjusted at the beginning of each year to take into account the actual number of activities in which Bulgaria plans to participate during that year. The adjustment will take place by means of the required call for funds that Bulgaria will receive from the Commission, as referred to under item 5 below.
3. Bulgaria's contribution will be of EURO 94.984 for every single year of participation, unless determined otherwise within the conditions under item 2. From this sum, an amount of EURO 6.214 will cover supplementary costs of an administrative nature related to the management of the Programme by the Commission stemming from Bulgaria's participation.
4. Bulgaria will pay the total contribution of its participation from its national budget, since Phare assistance has not been requested for this purpose.
5. The financial regulation applicable to the general budget of the European Union will apply, notably to the management of the contribution of Bulgaria.

Upon entry into force of this Decision, the Commission will send to Bulgaria one or more call for funds corresponding to its contribution to the costs of the activities for the current year. The contribution will be expressed in EURO and paid into an EURO bank account of the Commission.

Bulgaria will pay its contribution to the annual cost under this Decision according to the calls for funds and at the latest three months after the calls for funds are sent. Any delay in the payment of the contribution shall give rise to the payment of interest by Bulgaria on the outstanding amount from the due date. The interest rate corresponds to the rate applied by the European Central Bank, on the due date, for its operations in EURO, increased by 1,5 percentage points.

6. The daily subsistence allowances are applicable to all participants in the Programme and are determined on a country per country basis by the Commission. Bulgaria will receive a first budget advance from the Commission at the beginning of every year. A second advance may be paid at the middle of the year depending on the actual participation of Bulgaria in the Programme activities and on the expected participation for the rest of the year. The Bulgarian department concerned will use these advances to pay for the travel tickets and daily subsistence allowances for Bulgarian participants.
7. Travel costs and subsistence costs incurred by representatives and experts of Bulgaria for the purposes of taking part as observers in the work of the committee referred to in Annex I, point 4 shall be reimbursed by the Commission on the same basis as the Member States of the European Union.

⁹ OJ L 126 of 28.04.98, p. 1

5. The decision-making process for this participation requires a decision by the Association Council of the Europe Agreement. This decision sets up the terms and conditions for such participation.
6. The additional Protocol to the Europe Agreement with Bulgaria of 4 December 1995, provides for Bulgaria's participation in Community Programmes dealing with a wide range of areas. Since it also provides for addition of other Community areas, activities in the field of internal market can be included too.

4.2 Period covered and arrangements for renewal

From the entry into force of this Decision until the end of this Community programme, i.e. 31.12.2002.

5. CLASSIFICATION OF EXPENDITURE OR REVENUE

5.1 Non-compulsory expenditure

5.2 Differentiated appropriations

5.3 Type of revenue involved

Since the first paragraph of Article 3 of the Additional Protocol stipulates that Bulgaria itself will meet the cost of its participation, it will be invited to transfer its contribution to item 6091 of the EU's budget receipts.

6. TYPE OF EXPENDITURE OR REVENUE

Expenditure comprises reimbursement of participants' travel expenses and daily subsistence allowances, organisational costs and costs incurred through seminars and exchanges.

As far as revenue is concerned, provision for Bulgaria's contribution to cover the cost of its participation is made under item 6091. The revenue will be allocated to the items for expenditure on the programme concerned and, where appropriate, to the relevant items of operating expenditure.

The total revenue expected is given under item 7.4.

7. FINANCIAL IMPACT

7.1 Method of calculating total cost of operation (relation between individual and total costs)

The calculation is based on the following preconditions:

- Bulgaria's contribution to the financing of the activities referred to in the Additional Protocol to the Europe Agreement is calculated according to the principle that the country bears the costs of participation itself. Heading 6091 has been created in the statement of budget revenue for that purpose.

- Based on the Additional Protocol to the Europe Agreement with Bulgaria, the financial and budgetary arrangements for the programme concerned are as follows : the costs have been calculated on the basis of various assumptions related to the participation in a number of 15 seminars and 20 exchanges per year, including average costs of travel of EURO 695 from Bulgaria to the country of the host administration, the duration of exchanges or seminars and average daily subsistence allowance of EURO 146.

On the basis of these assumptions, the total cost of Bulgaria's participation will be EURO 94.984 per year from its national budget.

From the above-mentioned figure, the supplementary cost of an administrative nature is of EURO 6.214 per year.

7.2 Itemised breakdown of cost

Length of exchanges (days)	14

8. FRAUD PREVENTION MEASURES

All the Commission's contracts, agreements and other legal commitments provide for on-the-spot checks by the Commission and Court of Auditors. Among other things, the beneficiaries of the operations are obliged to file reports and financial statements. These are analysed from the point of view of their content and the eligibility of the expenditure in line with the objective of Community financing.

The anti-fraud provisions of the basic budget headings apply to this heading too when adapted to the case of Bulgaria.

9. ELEMENTS OF COST-EFFECTIVENESS ANALYSIS

9.1 Specific and quantified objectives; target population

The main objectives of the Programme are to contribute to the achievement of a high common standard of understanding of Community legislation in the field of indirect taxation, secure efficient co-operation among Member States and the Commission and improve administrative procedures.

The Fiscalis programme allows exchanges of officials involved in implementing Community legislation and the organisation of seminars.

The aim of opening up the Community programme Fiscalis is to bring to Bulgaria the same benefits as the Member States of the European Union already enjoy from the Programme. The objective for each year is to have Bulgarian officials participate in an average number of 20 exchanges by a placement in one of the 15 EU members and in an average number of 15 seminars.

The integration of Bulgarian officials in Community networks will make a definite contribution to preparing Bulgaria for future membership.

9.2 Monitoring and evaluation of the operation

The monitoring and evaluation procedures included in the Fiscalis programme will also cover Bulgarian participants.

10. ADMINISTRATIVE EXPENDITURE (SECTION III, PART A OF THE BUDGET)

Actual mobilisation of the necessary administrative resources will depend on the Commission's annual decision on the allocation of resources, taking into account the number of staff and additional amounts authorised by the budgetary authority.

10.1 Effect on the number of posts

* Average cost for a 2-day mission of 2 officials per year in Bulgaria

** Participation of Bulgaria in the SCAC meetings

The above expenditure will be met from the receipts (art. 4 § 2 third indent of the financial regulation) received from Bulgaria (see point 5.3 and 7.4 of the financial statement).
