In addition, as reported in the next section, the Council's position anticipates to mid-2006 the report on the implementation of the Lines of Action.

The **Amendment 7** proposes that the Commission forwards the results of the quantitative and qualitative evaluations to the European Parliament and the Council - together with any appropriate proposals for the amendment of the Decision - before the presentation of the draft general budget of the European Union for the years 2007 and 2009 respectively.
