Call for expressions of interest by individuals wishing to be included on the list of experts regarding Commission Decision of 20 July 2010 setting up a Financial Services User Group**MARKT/2013/20/H**

(2013/C 137/05)

Introduction

By its Decision of 20 July 2010 ⁽¹⁾, the Commission set up the Financial Services User Group (FSUG) (hereinafter referred to as 'the group'). Since the term of office of the present group and the validity of the list of experts expire in October 2013, it is necessary to launch a new call for expressions of interest which will allow to draw a new list of experts and subsequently renew the composition of the group. The Commission is therefore calling for an expression of interest by individuals wishing to be included on the list of experts which will serve as a basis for the selection of the 20 members of the FSUG. As stated in its *White Paper on Financial Services Policy 2005-2010*, the Commission attaches great importance to ensuring proportionate user representation. In its Communication of 4 March 2009 'Driving European Recovery', the Commission stated that the interests of European investors, consumers and SMEs must be at the centre of the financial market reform.

During its first three-year mandate, the FSUG has proved to be a very useful and efficient body assisting the Commission in a number of initiatives and coming up with its own ideas and projects. It helped to streamline and further improve the quality of the input received from consumers, retail investors and microenterprises to the Commission's policy preparation in the area of financial services. Therefore, it has been decided to draw a new list of experts with a validity period of six years as from 1 November 2013. The selection of the 20 members of the group will be based on this list of experts. As indicated in the Decision of 20 July 2010, the term of office of the members of the group is three years (one-year contract renewable for up to two further periods of one year); this term of office of three years may be renewed twice.

Members of the group will be individuals appointed to represent the interests of consumers, retail investors or microenterprises, and individual experts with expertise in financial services from the perspective of the financial services user.

This call for expressions of interest setting up the Financial Services User Group is open to suitably qualified experts from any part of the EU.

More information on the work performed by the FSUG during its three first years of operation is available on Internet:
