### DECISION DU CONSEIL

concernant l'élimination des droits de douane sur certaines boissons spiritueuses

(présentées par la Commission)

## EXPOSE DES MOTIFS

Lors de sa réunion spéciale à Singapour le 13 décembre 1996, le Conseil (1) a approuvé une déclaration ministérielle sur le commerce des produits des technologies de l'information et (2) a accueilli favorablement l'accord bilatéral conclu ad referendum avec les Etats-Unis sur l'accélération de la mise en place des droits nuls prévue dans le Cycle de l'Uruguay sur les alcools "bruns" et les autres boissons spiritueuses.

En ce qui concerne l'**accord sur les technologies de l'information**, le Conseil rappelle que le 3 décembre 1995, dans le contexte du sommet UE/EU à Madrid, l'UE et les EU ont instauré un nouvel agenda transatlantique qui stipule, entre autres, qu'"en égard à l'importance de la société de l'information, nous entamons actuellement des travaux pour tenter de conclure un accord sur les technologies de l'information". Le forum industriel parallèle, le dialogue commercial transatlantique, a ajouté du poids à cet engagement politique en déclarant que "la grande majorité estime que l'accord sur les technologies de l'information doit comprendre un engagement à éliminer tous les tarifs douaniers d'ici janvier 2000 au plus tard".

Le 22 octobre 1996, à la suite de consultations exploratoires avec un certain nombre de pays tiers et de discussions avec le comité spécial prévu à l'article 113 du traité, la Commission a proposé au Conseil d'adopter une décision relative à l'ouverture de négociations avec les pays tiers en vue de conclure un accord sur les technologies de l'information. Le Conseil a adopté cette décision le 15 novembre 1996.

Des négociations plurilatérales ont abouti à une déclaration des ministres de 15 Etats membres de l'OMC ou candidats à l'adhésion (Australie, Canada, Taïwan, UE, Hong Kong, Islande, Indonésie, Japon, Corée, Liechtenstein, Norvège, Singapour, Suisse, Turquie, Etats-Unis) réunis à Singapour le 13 décembre 1996. Cette déclaration définit l'objectif de l'élimination des tarifs douaniers d'ici l'an 2000 (et prescrit les réductions en quatre tranches égales) pour les produits des technologies de l'information énumérés en détail dans les annexes. Le paragraphe 4 des modalités de la déclaration mérite une attention particulière:

"Les participants se réuniront le plus tôt possible et en tout état de cause le 1er avril 1997 au plus tard pour examiner la situation des acceptations reçues et évaluer les conclusions qui en seront tirées. Les participants mettront en oeuvre les mesures prévues dans la Déclaration à condition que des participants représentant environ 90 pour cent du commerce mondial<sup>1</sup> des produits des technologies de l'information aient alors notifié leur acceptation, et à condition que l'échelonnement ait été convenu à la satisfaction des participants. Lorsqu'ils évalueront s'il y a lieu de mettre en oeuvre les mesures prévues dans la Déclaration, au cas où le pourcentage du commerce mondial représenté par les participants serait légèrement inférieur à 90 pour cent du commerce mondial des produits des technologies de l'information, les participants pourront tenir compte du niveau de participation des Etats ou territoires douaniers distincts représentant pour eux l'essentiel de leur propre commerce de ces produits. A cette réunion, les participants détermineront s'il a été satisfait à ces critères."

---

<sup>1</sup> Ce pourcentage sera calculé par le Secrétariat de l'OMC sur la base des données les plus récentes disponibles au moment de la réunion.

Les discussions techniques plurilatérales demandées dans la déclaration ministérielle ont pris fin le 31 janvier 1997. La liste des produits visés a été passée en revue, mais l'annexe originale à la déclaration ministérielle n'a pas été modifiée. Il a été décidé que le premier train de consultations sur la liste élargie de produits commencera le 1er octobre 1997 et un accord a été conclu ad referendum sur les demandes d'"échelonnement prolongé" de certains des premiers signataires, notamment l'Indonésie, la Corée et Taïwan. La Nouvelle-Zélande, sans demander d'"échelonnement supplémentaire", et le Costa Rica, après accord des autres participants sur sa demande d'"échelonnement supplémentaire", sont également participants.

Le Conseil a décidé lors d'une réunion spéciale tenue à Singapour le 13 décembre 1996, qu'une nouvelle décision du Conseil était nécessaire, avant la révision qui doit avoir lieu avant le 1er avril 1997, pour approuver définitivement l'accord. Cette décision serait nécessaire pour lier la Communauté en ce qui concerne ses engagements. Toutefois, une telle décision dépend des dispositions relatives au volume des échanges à couvrir et de l'accord sur l'"échelonnement". Pour préparer le terrain, le projet de décision joint a été élaboré en supposant que ces deux critères sont satisfaits. Si, vers la fin du mois de mars, ces critères ne sont pas satisfaits, la question devra être réexaminée.

En ce qui concerne les **boissons spiritueuses**, la Commission considère que l'accord conclu avec les Etats-Unis sous forme d'un mémorandum d'entente améliorera considérablement le potentiel d'exportation de l'Union européenne. La Commission poursuivra ses efforts pour faire participer d'autres parties à l'accord.

En conséquence, la Commission soumet au Conseil les deux propositions ci-jointes de décision du Conseil.

97/0082 (ACC)

LE CONSEIL DE L'UNION EUROPEENNE,

vu le traité instituant la Communauté européenne, et notamment son article 113, en combinaison avec l'article 228 paragraphe 2 première phrase,

vu la proposition de la Commission,

considérant qu'il a été décidé, dans le nouvel agenda transatlantique adopté lors du sommet UE-EU de Madrid le 13 novembre 1995, de tenter de conclure un accord sur les technologies de l'information;

considérant qu'à la suite des rapports de la Commission sur ses consultations exploratoires avec des pays tiers, le Conseil a décidé le 16 novembre 1996 d'entamer des négociations avec des pays tiers en vue de conclure un accord sur les technologies de l'information;

considérant que le 13 décembre 1996 à Singapour, la Communauté européenne a approuvé la déclaration sur le commerce des produits des technologies de l'information; que cette déclaration définit certaines conditions préalables pour la mise en oeuvre où l'élimination des tarifs douaniers pour les produits des technologies de l'information et que ces conditions préalables sont remplies,

DECIDE:

*Article premier*

L'accord sous forme de déclaration du 13 décembre 1996 conclu par les ministres à Singapour sur le commerce des produits des technologies de l'information est approuvé au nom de la Communauté.

Le texte de l'accord est joint à la présente décision.

*Article 2*

Conformément aux dispositions du paragraphe 4 de l'annexe à la déclaration, le Conseil:

1. note que les participants représentant environ 90 pour cent du commerce mondial des produits des technologies de l'information ont notifié leur acceptation; et
2. approuve, au nom de la Communauté, les demandes d'échelonnement de certains participants à l'accord sur les technologies de l'information.

*Article 3*

Le Conseil autorise la Commission à soumettre à l'Organisation mondiale du Commerce les modifications ci-jointes de la liste des engagements spécifiques de la Communauté européenne afin de consolider et d'éliminer les droits de douane conformément à la déclaration.

*Article 4*

Le président du Conseil est autorisé à désigner la personne habilitée à signer l'accord/le protocole à l'effet d'engager la Communauté.

CONFERENCE MINISTERIELLE  
Singapour, 9-13 décembre 1996

## DECLARATION MINISTERIELLE SUR LE COMMERCE DES PRODUITS DES TECHNOLOGIES DE L'INFORMATION

SINGAPOUR, 13 DECEMBRE 1996

*Les Ministres,*

Représentant les Membres ci-après de l'Organisation mondiale du commerce (l'"OMC"), et les Etats ou territoires douaniers distincts ci-après ayant engagé le processus d'accession à l'OMC, qui se sont mis d'accord à Singapour sur l'expansion du commerce mondial des produits des technologies de l'information et qui représentent nettement plus de 80 pour cent du commerce mondial de ces produits (les "parties"),

Australie	Japon
Canada	Norvège
Communautés européennes	Singapour
Corée	Suisse <sup>1</sup>
Etats-Unis	Territoire douanier distinct de Taiwan, Penghu, Kinmen et Matsu
Hong Kong	
Indonésie	
Islande	Turquie

Considérant le rôle-clé joué par le commerce des produits des technologies de l'information dans le développement des industries de l'information et l'expansion dynamique de l'économie mondiale,

Tenant compte des objectifs du relèvement des niveaux de vie et de l'accroissement de la production et du commerce de marchandises,

Désireux d'arriver à une liberté maximale du commerce mondial des produits des technologies de l'information,,

Désireux d'encourager la poursuite du développement technologique de l'industrie des technologies de l'information à l'échelle mondiale,

Conscients de la contribution positive que les technologies de l'information apportent à la croissance économique et au bien-être mondiaux,

Etant convenus de donner effet aux résultats de ces négociations qui englobent des concessions s'ajoutant à celles qui sont incluses dans les Listes annexées au Protocole de Marrakech annexé à l'Accord général sur les tarifs douaniers et le commerce de 1994, et

<sup>1</sup>Au nom de l'union douanière entre la Suisse et le Liechtenstein.

*Reconnaissant que les résultats de ces négociations englobent aussi certaines concessions offertes dans les négociations aboutissant à l'établissement des Listes annexées au Protocole de Marrakech,*

*Déclarent ce qui suit:*

1. Le régime commercial de chaque partie devrait évoluer de manière à améliorer les possibilités d'accès aux marchés pour les produits des technologies de l'information.

2. Conformément aux modalités énoncées dans l'Annexe de la présente déclaration, chaque partie consolidera et éliminera les droits de douane et autres droits et impositions de toute nature, au sens de l'article II:1 b) de l'Accord général sur les tarifs douaniers et le commerce de 1994, pour les produits ci-après:

- a) tous les produits classés (ou pouvant être classés) dans les positions du Système harmonisé de 1996 ("SH") dont la liste figure dans l'Appendice A de l'Annexe de la présente déclaration; et
- b) tous les produits spécifiés dans l'Appendice B de l'Annexe de la présente déclaration, qu'ils soient ou non inclus dans l'Appendice A,

par le jeu de réductions égales des taux des droits de douane qui commencent en 1997 et se termineront en 2000, en reconnaissant qu'un échelonnement des réductions sur une période plus longue et, avant la mise en oeuvre, un élargissement du champ des produits visés pourront être nécessaires dans des circonstances limitées.

3. Les Ministres expriment leur satisfaction au sujet du large champ des produits visés repris dans les Appendices de l'Annexe de la présente déclaration. Ils donnent pour instructions à leurs représentants respectifs de s'efforcer de bonne foi de mener à terme les discussions techniques plurilatérales à Genève sur la base de ces modalités, et leur donnent pour instructions d'achever ces travaux pour le 31 janvier 1997, de manière que la présente déclaration soit mise en oeuvre par le plus grand nombre de participants.

4. Les Ministres invitent les Ministres des autres Membres de l'OMC, et des Etats ou territoires douaniers distincts ayant engagé le processus d'accession à l'OMC, à donner des instructions similaires à leurs représentants respectifs, de manière qu'ils puissent participer aux discussions techniques mentionnées au paragraphe 3 ci-dessus et participer pleinement à l'expansion du commerce mondial des produits des technologies de l'information.

Appendice B: liste des produits

## ANNEXE

### Modalités et produits visés

Tout Membre de l'Organisation mondiale du commerce, ou tout Etat ou territoire douanier distinct ayant engagé le processus d'accès à l'OMC, pourra participer à l'expansion du commerce mondial des produits des technologies de l'information conformément aux modalités ci-après:

1. Chaque participant incorporera les mesures décrites au paragraphe 2 de la Déclaration dans sa liste annexée à l'Accord général sur les tarifs douaniers et le commerce de 1994 et aussi, soit au niveau de la ligne tarifaire de son propre tarif soit au niveau à six chiffres du Système harmonisé de 1996 ("SH"), dans son tarif officiel ou dans toute autre version publiée du tarif douanier, selon ce qu'utilisent normalement les importateurs et les exportateurs. Chaque participant non Membre de l'OMC mettra en oeuvre ces mesures sur une base autonome en attendant d'avoir achevé son processus d'accès à l'OMC et les incorporera dans sa liste concernant l'accès au marché pour les marchandises établie dans le cadre de l'OMC.

2. A cette fin, le plus tôt possible et au plus tard le 1er mars 1997, chaque participant communiquera à tous les autres participants un document contenant a) une description détaillée de la manière dont le traitement tarifaire approprié sera prévu dans sa liste de concessions établie dans le cadre de l'OMC, et b) une liste des positions détaillées du SH visées pour les produits spécifiés dans l'Appendice B. Ces documents seront examinés et approuvés par consensus, et ce processus d'examen sera achevé au plus tard le 1er avril 1997. Dès que ce processus d'examen sera achevé pour tout document de cette nature, le document en question sera présenté en tant que modification de la Liste du participant concerné, conformément à la Décision du 26 mars 1980 intitulée "Procédures de modification et de rectification des Listes de concessions tarifaires" (IBDD, S27/26).

a) Les concessions qui seront proposées par chaque participant en tant que modifications de sa Liste consolideront et élimineront tous les droits de douane et autres droits et impositions de toute nature sur les produits des technologies de l'information de la manière suivante:

- i) l'élimination de ces droits de douane se fera par le jeu de réductions des taux opérées par tranches égales, à moins qu'il n'en soit convenu autrement par les participants. A moins qu'il n'en soit convenu autrement par les participants, chaque participant consolidera tous les droits de douane sur les produits dont la liste figure dans les Appendices au plus tard le 1er juillet 1997, et donnera effet à la première de ces réductions de taux au plus tard le 1er juillet 1997, à la deuxième de ces réductions de taux au plus tard le 1er janvier 1998, et à la troisième de ces réductions de taux au plus tard le 1er janvier 1999, et l'élimination des droits de douane sera achevée au plus tard le 1er janvier 2000. Les participants conviennent d'encourager l'élimination autonome des droits de douane avant ces dates. Le taux réduit devrait à chaque étape être arrondi à la première décimale; et
- ii) l'élimination de ces autres droits et impositions de toute nature, au sens de l'article II:1 b) de l'Accord général, sera achevée pour le 1er juillet 1997, à moins que le document communiqué par le participant aux autres participants pour examen n'en dispose autrement.

- b) Les modifications qu'un participant proposera d'apporter à sa Liste pour mettre en oeuvre la consolidation et l'élimination de ses droits de douane sur les produits des technologies de l'information arriveront à ce résultat:
- i) dans le cas des positions du SH dont la liste figure dans l'Appendice A, par la création, le cas échéant, de subdivisions dans sa Liste au niveau de la ligne tarifaire du tarif national; et
  - ii) dans le cas des produits spécifiés dans l'Appendice B, par l'adjonction d'une annexe à sa Liste incluant tous les produits de l'Appendice B, qui devra spécifier les positions détaillées du SH pour ces produits, soit au niveau de la ligne tarifaire du tarif national, soit au niveau à six chiffres du SH.

Chaque participant modifiera dans les moindres délais son tarif national pour tenir compte des modifications qu'il aura proposées, dès qu'elles seront entrées en vigueur.

3. Les participants se réuniront périodiquement sous les auspices du Conseil du commerce des marchandises pour examiner les produits visés spécifiés dans les Appendices, en vue de déterminer par consensus si, compte tenu des progrès technologiques, de l'expérience acquise dans l'application des concessions tarifaires ou des modifications apportées à la nomenclature du SH, il conviendrait de modifier les Appendices pour y incorporer des produits additionnels, et pour se consulter au sujet des obstacles non tarifaires au commerce des produits des technologies de l'information. Ces consultations seront sans préjudice des droits et obligations découlant de l'Accord sur l'OMC.

4. Les participants se réuniront le plus tôt possible et en tout état de cause le 1er avril 1997 au plus tard pour examiner la situation des acceptations reçues et évaluer les conclusions qui en seront tirées. Les participants mettront en oeuvre les mesures prévues dans la Déclaration à condition que des participants représentant environ 90 pour cent du commerce mondial<sup>2</sup> des produits des technologies de l'information aient alors notifié leur acceptation, et à condition que l'échelonnement ait été convenu à la satisfaction des participants. Lorsqu'ils évalueront s'il y a lieu de mettre en oeuvre les mesures prévues dans la Déclaration, au cas où le pourcentage du commerce mondial représenté par les participants serait légèrement inférieur à 90 pour cent du commerce mondial des produits des technologies de l'information, les participants pourront tenir compte du niveau de participation des Etats ou territoires douaniers distincts représentant pour eux l'essentiel de leur propre commerce de ces produits. A cette réunion, les participants détermineront s'il a été satisfait à ces critères.

5. Les participants se réuniront aussi souvent qu'il sera nécessaire et au plus tard le 30 septembre 1997 pour examiner toute divergence existante entre eux dans la façon de classer les produits des technologies de l'information, en commençant par les produits spécifiés dans l'Appendice B. Les participants conviennent que leur objectif commun est d'arriver, dans les cas où cela sera approprié, à une classification commune de ces produits dans le cadre de la nomenclature existante du SH, en prenant en compte les interprétations et décisions du Conseil de coopération douanière (également connu sous le nom d'Organisation mondiale des douanes ou "OMD"). Au cas où une divergence subsisterait dans la classification, les participants étudieront si une suggestion conjointe pourrait être faite à l'OMD en ce qui concerne l'actualisation de la nomenclature existante du SH ou l'élimination de la divergence d'interprétation au sujet de la nomenclature du SH.

---

<sup>2</sup>Ce pourcentage sera calculé par le Secrétariat de l'OMC sur la base des données les plus récentes disponibles au moment de la réunion.

6. Il est entendu pour les participants que l'article XXIII de l'Accord général sera applicable en cas d'annulation ou de réduction d'avantages résultant directement ou indirectement de la mise en oeuvre de la Déclaration pour un Membre de l'OMC participant du fait de l'application par un autre Membre de l'OMC participant d'une mesure, contraire ou non aux dispositions de l'Accord général.

7. Chaque participant examinera avec compréhension toute demande de consultations de tout autre participant concernant les engagements énoncés ci-dessus. Ces consultations seront sans préjudice des droits et obligations découlant de l'Accord sur l'OMC.

8. Les participants agissant sous les auspices du Conseil du commerce des marchandises informeront les autres Membres de l'OMC et les Etats ou territoires douaniers distincts ayant engagé le processus d'accès à l'OMC des présentes modalités et engageront des consultations en vue de faciliter leur participation à l'expansion du commerce des produits des technologies de l'information sur la base de la Déclaration.

9. Tel qu'il est utilisé dans les présentes modalités, le terme "participant" désignera les Membres de l'OMC, ou les Etats ou territoires douaniers distincts ayant engagé le processus d'accès à l'OMC, qui communiquent le document décrit au paragraphe 2 au plus tard le 1er mars 1997.

10. La présente annexe sera ouverte à l'acceptation de tous les Membres de l'OMC et de tout Etat ou de tout territoire douanier distinct ayant engagé le processus d'accès à l'OMC. Les acceptations seront notifiées par écrit au Directeur général qui les communiquera à tous les participants.

### Attachment B

Positive list of specific products to be covered by this agreement wherever they are classified in the HS.

Where parts are specified, they are to be covered in accordance with HS Notes 2(b) to Section XVI and Chapter 90, respectively.

**Computers:** automatic data processing machines capable of 1) storing the processing program or programs and at least the data immediately necessary for the execution of the program; 2) being freely programmed in accordance with the requirements of the user; 3) performing arithmetical computations specified by the user; and 4) executing, without human intervention, a processing program which requires them to modify their execution, by logical decision during the processing run.

The agreement covers such automatic data processing machines whether or not they are able to receive and process with the assistance of central processing unit telephony signals, television signals, or other analogue or digitally processed audio or video signals. Machines performing a specific function other than data processing, or incorporating or working in conjunction with an automatic data processing machine, and not otherwise specified under Attachment A or B, are not covered by this agreement.

Electric amplifiers when used as repeaters in line telephony products falling within this agreement, and parts thereof

Flat panel displays (including LCD, Electro Luminescence, Plasma and other technologies) for products falling within this agreement, and parts thereof.

**Network equipment:** Local Area Network (LAN) and Wide Area Network (WAN) apparatus, including those products dedicated for use solely or principally to permit the interconnection of automatic data processing machines and units thereof for a network that is used primarily for the sharing of resources such as central processor units, data storage devices and input or output units - including adapters, hubs, in-line repeaters, converters, concentrators, bridges and routers, and printed circuit assemblies for physical incorporation into automatic data processing machines and units thereof.

**Monitors :** display units of automatic data processing machines with a cathode ray tube with a dot screen pitch smaller than 0,4 mm not capable of receiving and processing television signals or other analogue or digitally processed audio or video signals without assistance of a central processing unit of a computer as defined in this agreement.

The agreement does not, therefore, cover televisions, including high definition televisions.<sup>3</sup>

Optical disc storage units, for automatic data processing machines (including CD drives and DVD-drives), whether or not having the capability of writing/recording as well as reading, whether or not in their own housings.

Paging alert devices, and parts thereof .

Plotters whether input or output units of HS heading No 8471 or drawing or drafting machines of HS heading No 9017.

Printed Circuit Assemblies for products falling within this agreement, including such assemblies for external connections such as cards that conform to the PCMCIA standard.

Such printed circuit assemblies consist of one or more printed circuits of heading 8534 with one or more active elements assembled thereon, with or without passive elements "Active elements" means diodes, transistors and similar semiconductor devices, whether or not photosensitive, of heading 8541, and integrated circuits and micro assemblies of heading 8542.

Projection type flat panel display units used with automatic data processing machines which can display digital information generated by the central processing unit.

<sup>3</sup> Participants will conduct a review of this product description in January 1999 under the consultation provisions of paragraph 3 of the Declaration

Proprietary format storage devices including media therefor for automatic data processing machines, with or without removable media and whether magnetic, optical or other technology, including Bernoulli Box, Syquest, or Zipdrive cartridge storage units.

Multimedia upgrade kits for automatic data processing machines, and units thereof, put up for retail sale, consisting of, at least, speakers and/or microphones as well as a printed circuit assembly that enables the ADP machines and units thereof to process audio signals (sound cards).

Set top boxes which have a communication function: a microprocessor-based device incorporating a modem for gaining access to the Internet, and having a function of interactive information exchange

## *EC - ITA - Schedule CXL - Attachment B*

<i>Description</i>	<i>HS 97 Headings</i>
* Computers: automatic data processing machines capable of 1) storing the processing program or programs and at least the data immediately necessary for the execution of the program; 2) being freely programmed in accordance with the requirements of the user; 3) performing arithmetical computations specified by the user; 4) executing without human intervention, a processing program which requires them to modify their execution, by logical decision during the processing run.  The agreement covers automatic data processing machines whether or not they are able to receive and process with assistance of central processing unit telephony signals, television signals, or other analogue or digitally processed audio or video signals. Machines performing a specific function other than data processing, or incorporating or working in conjunction with an automatic data processing machine, and not otherwise specified under Attachement A or B, are not covered by this agreement.	<u>84711090, 84713000,</u> <u>84714190, 84714990,</u> <u>84715090, 85219010,</u> <u>85281210, 85281310,</u> <u>85438917</u>
The agreement covers such automatic data processing machines whether or not they are able to receive and process with the assistance of the central processing unit telephony signals, television signals, or other analogue or digitally processed audio or video signals.	
However, machines performing a specific function other than data processing, or incorporating or working in conjunction with an automatic data processing machines, and not referred to under part A or B, are excluded from the product coverage of this agreement.	
* Electric amplifiers when used as repeaters in line telephony products falling within this agreement, and parts thereof.	<u>85175010, 85178090</u>
* Flat panel displays (including LCD, Electro Luminescence, Plasma and other technologies) for products falling within this agreement, and parts thereof.	<u>85312030, 85312051,</u> <u>85312059, 85312080,</u> <u>85318030, 85319010,</u> <u>85319030, 90138011,</u> <u>90138019, 90138030,</u> <u>90139010</u>
* Network equipment: Local Area Network (LAN) and Wide Area Network (WAN) apparatus, including those products dedicated for use solely or principally to permit the interconnection of automatic data processing machines and units thereof for a network that is used primarily for the sharing of resources such as central processor units, data storage devices and input or output units - including adapters, hubs, in-line repeaters, converters, concentrators, bridges and routers, and printed circuit assemblies for physical incorporation into automatic data processing machines and units thereof	<u>84715090, 84716090,</u> <u>85175090</u>
* Monitors: display units of automatic data processing machines with a cathode ray tube with a dot screen pitch smaller than 0.4 mm not capable of receiving and processing television signals or other analogue or digitally processed audio or video signals without assistance of a central processing unit of a computer as defined in this agreement. The agreement does not, therefore, cover televisions, including high definition televisions(1). (1) Participants will conduct a review of this product description in January 1999 under the consultation of paragraph 3 of the Declaration.	<u>84716090</u>
* Optical disc storage units for automatic data processing machines (including CD drives and DVD-drives), whether or not having the capability of writing/recording as well as reading, whether or not in their own housings.	<u>84717051</u>

* Set top boxes which have communication function a microprocessor-based device incorporating a modem for gaining access to the Internet, and having a function of interactive information exchange.	<u>85175090, 85438977</u>

**Proposition de**  
**décision du Conseil**                           **97/0083 (ACC)**  
**concernant l'élimination des droits de douane sur certaines boissons spiritueuses**

LE CONSEIL DE L'UNION EUROPEENNE,

vu le traité instituant la Communauté européenne, et notamment son article 113, en combinaison avec l'article 228 paragraphe 2 première phrase,

vu la proposition de la Commission,

considérant que l'élimination des tarifs douaniers par les Etats-Unis et la Communauté européenne est considérée comme globalement avantageuse,

DECLDE:

*Article premier*

L'accord sous forme de mémorandum d'entente entre la Communauté économique européenne et les Etats-Unis d'Amérique sur les boissons spiritueuses est approuvé au nom de la Communauté.

Le texte de l'accord est joint à la présente décision.

*Article 2*

Le Conseil autorise la Commission à soumettre à l'Organisation mondiale du Commerce la modification ci-jointe de la liste des engagements spécifiques de la Communauté européenne afin de consolider et d'éliminer les droits de douane pour les boissons spiritueuses concernées.

*Article 3*

Le président du Conseil est autorisé à désigner la personne habilitée à signer l'accord/le protocole à l'effet d'engager la Communauté.

Fait à Bruxelles

Par le Conseil

Le président

**MÉMORANDUM D'ENTENTE**

**ex 2208 Eaux- de- vie, liqueurs et autres boissons spiritueuses**

Comme convenu à Singapour, nous avons entamé des négociations détaillées au sujet de l'élimination des droits sur certaines boissons spiritueuses.

Sous réserve de l'accomplissement de leurs procédures internes respectives et à l'exception du rhum (2208 40) auquel les dispositions spéciales énoncées en annexe s'appliquent, la Communauté européenne et les États-Unis élimineront les droits de douane en vigueur au 1er juillet 1997 pour les positions du SH de 1996 énumérées ci-dessous en quatre tranches égales dont la première débutera le 1er juillet 1997. Cette première phase sera suivie d'autres réductions des droits le 1er janvier 1998, le 1er janvier 1999 et le 1er janvier 2000.

**SH de 1996**

2208 20 Eaux-de-vie de vin ou de marc de raisins

2208 30 Whiskies

2208 50 Gin et genièvre

2208.60 Vodka

2208 70 Liqueurs

ex 2208 90 Autres que l'alcool éthylique non dénaturé d'un titre alcoométrique volumique de moins de 80 % vol. (classés dans les positions 208 90 91 et 2208 90 99 par la Communauté européenne et 2208 90 80 par les États-Unis).

## ANNEXE

Objet: **2208 40 - Khum et tafia**

### A. Droits CE

- Les droits applicables au rhum ayant une teneur en substances volatiles autres que les alcools éthylique et méthylique égale ou supérieure à 225 grammes par hectolitre d'alcool pur, avec une tolérance de 10 %, sont réduits comme suit:

<b>En récipients d'une contenance n'excédant pas 2 l</b>	<b>En récipients d'une contenance excédant 2 l</b>
Taux de base 0,8 Ecu/%vol/hl + 4,1 Ecu/hl	0,8 Ecu/ %vol/hl
1er juillet 1997 0,8 Ecu/ %vol/hl + 4,1 Ecu/hl	0,8 Ecu/ %vol/hl
1er juillet 1998 0,7 Ecu/ %vol/hl +3,8 Ecu/hl	0,7 Ecu/ %vol/hl
1er juillet 1999 0,65 Ecu/ %vol/hl +3,5 Ecu/hl	0,65 Ecu/ %vol/hl
1er juillet 2000 0,6 Ecu %vol/hl + 3,2 Ecu/hl	0,6 Ecu/%vol/hl

- La Communauté applique, dans les limites des contingents tarifaires indiqués, les taux réduits de droit de douane suivants au rhum et au tafia, autres que ceux qui sont spécifiés au paragraphe 1 ci-dessus et d'une valeur précisée dans le tableau ci-dessous, jusqu'à ce que le droit nul soit atteint le 1er janvier 2003. Les contingents tarifaires couvrent le rhum indépendamment de la taille du récipient.

3. Le rhum et le tafia d'un prix inférieur au seuil indiqué ci-dessus ainsi que le rhum et le tafia non couverts par les contingents tarifaires sont soumis aux droits indiqués au paragraphe 1 ci-dessus.
4. La Communauté européenne notifie immédiatement aux Etats-Unis toute modification intervenant entre le 1er janvier 2000 et le 1er janvier 2003 du traitement préférentiel qu'elle accorde à ses importations de rhum. Sur demande, la Communauté européenne engage immédiatement des consultations avec les Etats-Unis au sujet de toute question relative aux exportations américaines de rhum vers la Communauté effectuées conformément au paragraphe 2 ci-dessus, en vue de trouver une solution commune aux problèmes soulevés.

**FICHE FINANCIÈRE**

1. Proposition de décision du Conseil concernant l'élimination des droits de douane sur les produits des technologies de l'information et sur certaines boissons spiritueuses.
2. Ligne budgétaire: chapitre 12/article 120
3. Base juridique: article 113
4. Description: la proposition fait suite à une décision du Conseil d'entamer des négociations avec des pays tiers en vue de conclure un accord sur les technologies de l'information ainsi qu'à l'engagement politique pris par les ministres à la conférence ministérielle de Singapour le 1. décembre 1996.

Elle concerne l'élimination de droits de douane sur les produits des technologies de l'information et sur certaines boissons spiritueuses d'ici l'an 2000

5. Type de recettes: perte de recettes découlant des droits payés sur les importations en provenance de pays tiers.
6. Modification du niveau des recettes:

L'élimination des droits appliqués aux importations de produits des technologies de l'information s'échelonnera en quatre tranches annuelles égales entre le 1er juillet 1997 et le 1er janvier 2000. La perte de droits perçus est calculée comme étant la différence entre le taux de droit convenu dans le cadre du cycle de négociations de l'Uruguay (pour chaque année) et le taux convenu dans le cadre de l'ATI (pour la même année) pour un volume d'importation équivalent à celui de 1995 (voir l'annexe). La perte de recettes due à l'ATI équivaut donc simplement à la perte de recettes supplémentaire. Elle s'élèvera au total à:

1.7.1997:	242,6 millions d'écus
1.1.1998:	643,3 millions d'écus
1.1.1999:	891,3 millions d'écus
1.1.2000:	1241,8 millions d'écus

En ce qui concerne les boissons spiritueuses, sur la base des importations réalisées par l'Europe des Quinze en 1995 et d'équivalents ad valorem (ave) pour toutes les importations NPF de 1995, la perte de droits perçus s'élèvera à:

1.1.1997:	0,5 millions d'écus
1.1.1998:	1,6 millions d'écus
1.1.1999:	2 millions d'écus
1.1.2000:	2,5 millions d'écus
1.1.2001:	1,9 millions d'écus
1.1.2002:	1,2 millions d'écus
1.1.2003:	0,7 millions d'écus

La moyenne annuelle est de 1625 kilo-écus (6,5 ans) et le total s'élève à 10,5 millions d'écus.

La diminution en termes de ressources propres traditionnelles sera financée par un recours supplémentaire aux ressources propres PNB.
