SPRENDIMAI

Komisija

2008/23/EB:

- ★ 2007 m. lapkričio 12 d. Komisijos sprendimas, pagal Tarybos direktyvą 92/43/EEB patvirtinantis pirmąjį atnaujintą Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašą (Pranešta dokumentu Nr. C(2007) 5396) 1

2008/24/EB:

- ★ 2007 m. lapkričio 12 d. Komisijos sprendimas, kuriuo, remiantis Tarybos direktyva 92/43/EEB, patvirtinamas pirmasis atnaujintas borealinio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas (Pranešta dokumentu Nr. C (2007) 5402) 118

2008/25/EB:

- ★ 2007 m. lapkričio 13 d. Komisijos sprendimas, pagal Tarybos direktyvą 92/43/EEB patvirtinantis pirmąjį atnaujintą žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašą (Pranešta dokumentu Nr. C(2007) 5403) 383

2008/26/EB:

- ★ 2007 m. lapkričio 13 d. Komisijos sprendimas, kuriuo, remiantis Tarybos direktyva 92/43/EEB, patvirtinamas Panonijos biogeografinio regiono Bendrijos svarbos teritorijų sąrašas (Pranešta dokumentu Nr. C(2007) 5404) 678

SPRENDIMAI

KOMISIJA

KOMISIJOS SPRENDIMAS

2007 m. lapkričio 12 d.

pagal Tarybos direktyvą 92/43/EEB patvirtinantis pirmąjį atnaujintą Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašą

(Pranešta dokumentu Nr. C(2007) 5396)

(2008/23/EB)

EUROPOS BENDRIJŲ KOMISIJA,

teritorijų sąrašą įtraukiamos kaip specialios saugomos teritorijos, ir nustato prioritetus bei apsaugos priemones.

atsižvelgdama į Europos bendrijos steigimo sutartį,

atsižvelgdama į 1992 m. gegužės 21 d. Tarybos direktyvą 92/43/EEB dėl natūralių buveinių ir laukinės faunos bei floros apsaugos ⁽¹⁾, ypač į jos 4 straipsnio 2 dalies trečią pastraipą,

- (4) Dinamiškai pritaikant „Natura 2000“ tinklą, Bendrijos svarbos teritorijų sąrašai yra tikslinami. Todėl minėtą pirminį sąrašą būtina atnaujinti.

kadangi:

- (1) Direktyvos 92/43/EEB 1 straipsnio c dalies iii punkte nurodytą Atlanto biogeografinį regioną sudaro Airijos, Nyderlandų ir Jungtinės Karalystės teritorijos bei Belgijos, Danijos, Prancūzijos, Portugalijos ir Ispanijos dalys, nustatytos biogeografiniame žemėlapyje, kurį 2005 m. balandžio 25 d. patvirtino pagal tos direktyvos 20 straipsnį įkurtas komitetas (toliau – Buveinių komitetas).
- (2) Atsižvelgiant į 1995 m. pradėtą procesą būtina ir toliau kurti „Natura 2000“ tinklą, kuris yra esminė Bendrijos biologinės įvairovės apsaugos dalis.
- (3) Pirminis Atlanto biogeografinio regiono Bendrijos svarbos teritorijų, kaip apibrėžta Direktyvoje 92/43/EEB, sąrašas buvo patvirtintas Komisijos sprendimu 2004/813/EB ⁽²⁾. Remdamasi Direktyvos 92/43/EEB 4 straipsnio 4 dalimi ir 6 straipsnio 1 dalimi, atitinkama valstybė narė kuo greičiau, bet ne vėliau kaip per šešerius metus nustato teritorijas, kurios į Atlanto biogeografinio regiono Bendrijos svarbos

- (5) Viena vertus, Atlanto biogeografinio regiono Bendrijos svarbos teritorijų pirminį sąrašą būtina atnaujinti, siekiant įtraukti į jį naujas teritorijas, kurias nuo 2004 m. valstybės narės pasiūlė įtraukti kaip Atlanto biogeografinio regiono Bendrijos svarbos teritorijas, apibrėžtas Direktyvos 92/43/EEB 1 straipsnyje. Direktyvos 92/43/EEB 4 straipsnio 4 dalyje ir 6 straipsnio 1 dalyje nustatyti įpareigojimai yra vykdytini kuo greičiau, bet ne vėliau kaip per šešerius metus nuo tos dienos, kai patvirtinamas pirmasis atnaujintas Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas.
- (6) Antra vertus, atnaujinti Atlanto biogeografinio regiono Bendrijos svarbos teritorijų pirminį sąrašą būtina dėl to, kad nuo to laiko, kai buvo patvirtintas Bendrijos sąrašas, pasikeitė valstybių narių pateikta informacija apie teritorijas. Taigi šiuo atžvilgiu pirminis atnaujintas Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas laikomas konsoliduota pirminio Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašo versija. Tačiau

⁽¹⁾ OL L 206, 1992 7 22, p. 7. Direktyva su paskutiniais pakeitimais, padarytais Direktyva 2006/105/EB (OL L 363, 2006 12 20, p. 368).

⁽²⁾ OL L 387, 2004 12 29, p. 1.

reikėtų pabrėžti, kad Direktyvos 92/43/EEB 4 straipsnio 4 dalyje ir 6 straipsnio 1 dalyje nustatyti įpareigojimai yra vykdytini kuo greičiau, bet ne vėliau kaip per šešerius metus nuo tos dienos, kai buvo patvirtintas pirmasis Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas.

- (7) Nuo 2002 m. kovo mėn. iki 2006 m. rugsėjo mėn., remiantis minėtos direktyvos 4 straipsnio 1 dalimi, Komisijai buvo perduoti siūlomų Atlanto biogeografinio regiono teritorijų, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje, sąrašai.
- (8) Kartu su siūlomų teritorijų sąrašais pagal 1996 m. gruodžio 18 d. Sprendime 97/266/EB dėl informacijos apie siūlomas „Natura 2000“ teritorijas formos ⁽¹⁾ nustatytą formą buvo pateikta informacija apie kiekvieną teritoriją.
- (9) Tą informaciją sudaro naujausias ir tiksliausias atitinkamos valstybės narės perduotas teritorijos žemėlapis, teritorijos pavadinimas, vietovė, ribos ir duomenys, pateikti laikantis Direktyvos 92/43/EEB III priede nustatytų kriterijų.
- (10) Remiantis sąrašo, Komisijos sudaryto susitarus su kiekviena atitinkama valstybe nare, projektu, kuriame dar nurodomos teritorijos, kuriose aptinkami prioritetiniai natūralių buveinių tipai arba prioritetinės rūšys, turėtų būti patvirtintas pirmasis atnaujintas atrinktų Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas.
- (11) Dėl stebėjimo, atliekamo remiantis Direktyvos 92/43/EEB 11 straipsniu, žinių apie natūralių buveinių tipų ir rūšių buvimą bei pasiskirstymą nuolat gausėja. Todėl teritorijų vertinimas ir atranka Bendrijos lygiu buvo atlikti naudojantis išsamiausia šiuo metu turima informacija.
- (12) Tačiau kai kurios valstybės narės nepasiūlė pakankamai teritorijų ir neįvykdė Direktyvos 92/43/EEB reikalavimų, susijusių su tam tikrais buveinių tipais ir rūšimis. Dėl šių rūšių ir buveinių tipų negalima daryti išvados, kad tinklas yra visiškai užbaigtas. Tačiau atsižvelgdama į tai, kad vėluoja informacija ir vėluojama susitarti su valstybėmis narėmis, Komisija mano, jog ji turėtų patvirtinti pirmąjį atnaujintą teritorijų sąrašą, kurį dar reikės tikslinti remiantis Direktyvos 92/43/EEB 4 straipsnio nuostatomis.

(13) Atsižvelgiant į tai, kad žinios apie Direktyvos 92/43/EEB I priede išvardytų natūralių buveinių tipų ir II priede išvardytų rūšių, aptinkamų jūrų teritoriniuose vandenyse ir jūrų vandenyse, priklausančiuose nacionalinei jurisdikcijai, bet esančiuose už teritorinių vandenų ribų, buvimą ir pasiskirstymą tebėra neišsamios, negalima daryti išvados, kad buveinių tinklas yra visiškai užbaigtas arba neužbaigtas. Prireikus įvairių buveinių tipų ir rūšių sąrašas turėtų būti patikslintas pagal Direktyvos 92/43/EEB 4 straipsnio nuostatas.

(14) Dėl aiškumo ir skaidrumo Sprendimą 2004/813/EB reikėtų pakeisti kitu.

(15) Šiame sprendime numatytos priemonės atitinka Buveinių komiteto nuomonę.

PRIĖMĖ ŠĮ SPRENDIMĄ:

1 straipsnis

Šio sprendimo priede pateikiamas sąrašas yra pirmasis atnaujintas Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas pagal Direktyvos 92/43/EEB 4 straipsnio 2 dalies trečią pastraipą.

2 straipsnis

Sprendimas 2004/813/EB panaikinamas.

3 straipsnis

Šis sprendimas skirtas valstybėms narėms.

Priimta Briuselyje 2007 m. lapkričio 12 d.

Komisijos vardu

Stavros DIMAS

Komisijos narys

⁽¹⁾ OL L 107, 1997 4 24, p. 1.

PRIEDAS

Pirmasis atnaujintas Atlanto biogeografinio regiono Bendrijos svarbos teritorijų sąrašas

Kiekviena Bendrijos svarbos teritorija (BST) yra nustatoma pagal informaciją, pateiktą „Natura 2000“ forma kartu su atitinkamu žemėlapiu. Tą informaciją pateikė kompetentingos nacionalinės institucijos, laikydamosi 4 straipsnio 1 dalies antros pastraipos.

Toliau pateiktoje lentelėje nurodoma ši informacija:

A : devynių skaitmenų BST kodas, kurio pirmieji du skaitmenys yra valstybės narės ISO kodas;

B : BST pavadinimas;

C : * = BST yra bent vienas (-a) prioritetas natūralių buveinių tipas ir (arba) rūšis, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje;

D : BST plotas hektarais arba ilgis kilometrais;

E : BST geografinės koordinatės (platuma ir ilguma).

Visa toliau pateikto Bendrijos sąrašo informacija pagrįsta Belgijos, Vokietijos, Danijos, Ispanijos, Prancūzijos, Airijos, Nyderlandų, Portugalijos ir Jungtinės Karalystės pasiūlytais, perduotais ir patvirtintais duomenimis.

KOMISIJOS SPRENDIMAS

2007 m. lapkričio 12 d.

kuriuo, remiantis Tarybos direktyva 92/43/EEB, patvirtinamas pirmasis atnaujintas borealinio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas

(Pranešta dokumentu Nr. C (2007) 5402)

(2008/24/EB)

EUROPOS BENDRIJŲ KOMISIJA,

atsižvelgdama į Europos bendrijos steigimo sutartį,

atsižvelgdama į 1992 m. gegužės 21 d. Tarybos direktyvą 92/43/EEB dėl natūralių buveinių ir laukinės faunos bei floros apsaugos ⁽¹⁾, ypač į jos 4 straipsnio 2 dalies trečią pastraipą,

kadangi:

- (1) Direktyvos 92/43/EEB 1 straipsnio c punkto iii papunktyje nurodytą borealinį biogeografinį regioną sudaro Suomijos ir Švedijos teritorijų dalys ir Estijos, Latvijos bei Lietuvos teritorijos, nustatytos biogeografiniame žemėlapyje, kurį 2005 m. balandžio 25 d. patvirtino tos direktyvos 20 straipsniu įsteigtas komitetas (toliau – Buveinių komitetas).
- (2) Būtina tęsti 1995 m. pradėtą procesą ir siekti realios pažangos steigiant *Natura 2000* tinklą, kuris yra vienas svarbiausių Bendrijos biologinės įvairovės apsaugos aspektų.
- (3) Komisijos sprendimu 2005/101/EB ⁽²⁾ laikantis Direktyvos 92/43/EEB nuostatų buvo priimtas pirminis Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašas. Remdamosi Direktyvos 92/43/EEB 4 straipsnio 4 dalimi ir 6 straipsnio 1 dalimi, suinteresuotosios valstybės narės kuo anksčiau ir ne vėliau kaip per šešerius metus nustato į Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašą įtrauktas teritorijas kaip specialios apsaugos teritorijas, nustatydamos apsaugos prioritetus ir būtinas apsaugos priemones.
- (4) Dinamiškai pritaikant *Natura 2000* tinklą yra peržiūrimi Bendrijos svarbos teritorijų sąrašai. Todėl būtina atnaujinti tą pirminį sąrašą.
- (5) Pirminį Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašą būtina atnaujinti siekiant įtraukti papildomas teritorijas, kurias po 2004 m. valstybės narės pasiūlė įtraukti kaip borealinio biogeografinio regiono Bendrijos svarbos teritorijas, apibrėžtas Direktyvos 92/43/EEB 1 straipsnyje. Direktyvos 92/43/EEB 4 straipsnio

4 dalyje ir 6 straipsnio 1 dalyje numatyti įpareigojimai taikomi kuo anksčiau ir ne vėliau kaip per šešerius metus nuo pirmojo atnaujinto Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašo priėmimo.

- (6) Be to, pirminį Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašą būtina atnaujinti siekiant įtraukti visus su tomis teritorijomis susijusios valstybių narių pateiktos informacijos pasikeitimus, atsiradusius priėmus Bendrijos sąrašą. Todėl pirmasis atnaujintas Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašas yra pirminio Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašo konsoliduota versija. Tačiau būtina pažymėti, kad Direktyvos 92/43/EEB 4 straipsnio 4 dalyje ir 6 straipsnio 1 dalyje numatyti įpareigojimai taikomi kuo anksčiau ir ne vėliau kaip per šešerius metus nuo pirminio Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašo priėmimo.
- (7) Remdamosi Direktyvos 92/43/EEB 4 straipsnio 1 dalimi, suinteresuotosios valstybės narės nuo 2003 m. sausio mėn. iki 2006 m. rugsėjo mėn. Komisijai perdavė borealinio biogeografinio regiono Bendrijos svarbos teritorijų, apibrėžtų tos direktyvos 4 straipsnio 1 dalyje, sąrašus.
- (8) Su siūlomų teritorijų sąrašais pateikta nustatytos formos informacija apie kiekvieną teritoriją, parengta pagal 1996 m. gruodžio 18 d. Komisijos sprendimą 97/266/EB dėl informacijos apie siūlomas *Natura 2000* teritorijas formas ⁽³⁾.
- (9) Šią informaciją sudaro valstybės narės perduotas naujausias galutinis teritorijos žemėlapis, teritorijos pavadinimas, vieta bei dydis ir duomenys, surinkti taikant Direktyvos 92/43/EEB III priede nurodytus kriterijus.
- (10) Remiantis sąrašo projektu, kurį Komisija parengė suderinusi su kiekviena suinteresuotąja valstybe nare ir kuriame taip pat nurodytos teritorijos, kuriose esama prioritetinių tipų natūralių buveinių arba prioritetinių rūšių, reikėtų patvirtinti Bendrijos svarbos teritorijomis laikytiną borealinio biogeografinio regiono teritorijų atnaujintą sąrašą.

⁽¹⁾ OL L 206, 1992 7 22, p. 7. Direktyva su paskutiniais pakeitimais, padarytais Tarybos direktyva 2006/105/EB (OL L 363, 2006 12 20, p. 368).

⁽²⁾ OL L 40, 2005 2 11, p. 1.

⁽³⁾ OL L 107, 1997 4 24, p. 1.

- (11) Vykdamas stebėjimus pagal Direktyvos 92/43/EEB 11 straipsnį, gaunama vis daugiau žinių apie natūralių tipų buveinių bei rūšių egzistavimą ir pasiskirstymą. Todėl Bendrijos lygmeniu teritorijos įvertintos ir atrinktos vadovaujantis išsamiausiai šiuo metu turimais duomenimis.
- (12) Tačiau kelios valstybės narės nepasiūlė pakankamai teritorijų, atitinkančių su tam tikrų tipų buveinėmis ir rūšimis siejamus Direktyvos 92/43/EEB reikalavimus. Todėl negalima teigti, kad šių rūšių ir tipų buveinių tinklas yra suformuotas. Tačiau atsižvelgiant į tai, kad vėluoja informacija ir kad vėluojama pasiekti susitarimą su valstybėmis narėmis, Komisija mano, jog būtina patvirtinti pirmąjį atnaujintą teritorijų sąrašą, kuris turės būti peržiūrėtas pagal Direktyvos 92/43/EEB 4 straipsnio nuostatas.
- (13) Atsižvelgiant į tai, kad žinios apie kai kurių Direktyvos 92/43/EEB I priede nurodytų tipų buveinių arba II priede nurodytų rūšių, aptinkamų ir jūrų teritoriniuose vandenyse, ir jūrų vandenyse, pagal nacionalinę jurisdikciją esančiuose už teritorinių vandenių, egzistavimą bei pasiskirstymą tebėra neišsamios, nederėtų daryti išvadų, ar tinklas jau suformuotas, ar ne. Jei reikia, sąrašas turėtų būti peržiūrėtas pagal Direktyvos 92/43/EEB 4 straipsnio nuostatas.
- (14) Siekiant aiškumo ir skaidrumo, Sprendimas 2005/101/EB turėtų būti pakeistas.

- (15) Šiame sprendime numatytos priemonės atitinka Buveinių komiteto nuomonę,

PRIĖMĖ ŠĮ SPRENDIMĄ:

1 straipsnis

Direktyvos 92/43/EEB 4 straipsnio 2 dalies trečiojoje pastraipoje numatytas pirmasis atnaujintas Bendrijos svarbos borealinio biogeografinio regiono teritorijų sąrašas pateikiamas šio sprendimo priede.

2 straipsnis

Sprendimas 2005/101/EB panaikinamas.

3 straipsnis

Šis sprendimas skirtas valstybėms narėms.

Priimta Briuselyje 2007 m. lapkričio 12 d.

Komisijos vardu

Stavros DIMAS

Komisijos narys

PRIEDAS

Bendrijos svarbos borealinio biogeografinio regiono teritorijų pradinis sąrašas

Kiekviena Bendrijos svarbos teritorija (BST) nustatoma pateikiant *Natura 2000* formos informaciją, įskaitant atitinkamą žemėlapi. Šią informaciją kompetentingos nacionalinės institucijos pateikia pagal 4 straipsnio 1 dalies antrą pastraipą.

Toliau pateikiamoje lentelėje yra ši informacija:

A : BST kodas, sudarytas iš devynių skaitmenų, kurių pirmieji du – valstybės narės ISO kodas;

B : BST pavadinimas;

C : * = Bendrijos svarbos teritorijoje yra bent viena prioritetingo tipo buveinė ir (arba) prioritetinga rūšis, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje;

D : BST plotas hektarais arba ilgis kilometrais;

E : geografinės BST koordinatės (ilguma ir platumas).

Visa toliau pateikto Bendrijos sąrašo informacija remiasi Estijos, Suomijos, Lietuvos, Latvijos ir Švedijos pasiūlytais, perduotais ir patvirtintais duomenimis.

KOMISIJOS SPRENDIMAS

2007 m. lapkričio 13 d.

pagal Tarybos direktyvą 92/43/EEB patvirtinantis pirmąjį atnaujintą žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašą

(Pranešta dokumentu Nr. C(2007) 5403)

(2008/25/EB)

EUROPOS BENDRIJŲ KOMISIJA,

atsižvelgdama į Europos bendrijos steigimo sutartį,

atsižvelgdama į 1992 m. gegužės 21 d. Tarybos direktyvą 92/43/EEB dėl natūralių buveinių ir laukinės faunos bei floros apsaugos ⁽¹⁾, ypač į jos 4 straipsnio 2 dalies trečią pastraipą,

kadangi:

- (1) Direktyvos 92/43/EEB 1 straipsnio c dalies iii punkte nurodytą žemyninį biogeografinį regioną sudaro Liuksemburgo teritorija ir Austrijos, Belgijos, Bulgarijos, Čekijos, Danijos, Prancūzijos, Vokietijos, Italijos, Lenkijos, Rumunijos, Slovėnijos ir Švedijos teritorijų dalys, nustatytos biogeografiniame žemėlapyje, kurį 2005 m. balandžio 25 d. patvirtino pagal tos direktyvos 20 straipsnį įkurtas komitetas (toliau – Buveinių komitetas).
- (2) Atsižvelgiant į 1995 m. pradėtą procesą būtina ir toliau kurti „Natura 2000“ tinklą, kuris yra esminė Bendrijos biologinės įvairovės apsaugos dalis.
- (3) Pirminis žemyninio biogeografinio regiono Bendrijos svarbos teritorijų, kaip apibrėžta Direktyvoje 92/43/EEB, sąrašas buvo patvirtintas Komisijos sprendimu 2004/798/EB ⁽²⁾. Remdamasi Direktyvos 92/43/EEB 4 straipsnio 4 dalimi ir 6 straipsnio 1 dalimi, atitinkama valstybė narė kuo greičiau, bet ne vėliau kaip per šešerius metus nustato teritorijas, kurios į žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašą įtraukiamos kaip specialios saugomos teritorijos, ir nustato prioritetus bei apsaugos priemonės.
- (4) Dinamiškai pritaikant „Natura 2000“ tinklą Bendrijos svarbos teritorijų sąrašai yra tikslinami. Todėl minėtą pirminį sąrašą būtina atnaujinti.

- (5) Viena vertus, žemyninio biogeografinio regiono Bendrijos svarbos teritorijų pirminį sąrašą būtina atnaujinti, siekiant įtraukti į jį naujas teritorijas, kurias nuo 2004 m. valstybės

narės pasiūlė įtraukti kaip žemyninio biogeografinio regiono Bendrijos svarbos teritorijas, apibrėžtas Direktyvos 92/43/EEB 1 straipsnyje. Direktyvos 92/43/EEB 4 straipsnio 4 dalyje ir 6 straipsnio 1 dalyje nustatyti įpareigojimai yra vykdytini kuo greičiau, bet ne vėliau kaip per šešerius metus nuo tos dienos, kai patvirtinamas pirmasis atnaujintas žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas.

- (6) Antra vertus, atnaujinti žemyninio biogeografinio regiono Bendrijos svarbos teritorijų pirminį sąrašą būtina dėl to, kad nuo to laiko, kai buvo patvirtintas Bendrijos sąrašas, pasikeitė valstybių narių pateikta informacija apie teritorijas. Taigi šiuo atžvilgiu pirminis atnaujintas žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas laikomas konsoliduota pirminio žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašo versija. Tačiau reikėtų pabrėžti, kad Direktyvos 92/43/EEB 4 straipsnio 4 dalyje ir 6 straipsnio 1 dalyje nustatyti įpareigojimai yra vykdytini kuo greičiau, bet ne vėliau kaip per šešerius metus nuo tos dienos, kai buvo patvirtintas pirmasis žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas.
- (7) Šis sprendimas netaikomas Bulgarijai ir Rumunijai, įstojuosioms į Europos Sąjungą 2007 m., nes perduoti Komisijai savo pasiūlymus dėl teritorijų šios valstybės narės pradėjo po įstojimo.
- (8) Nuo 2003 m. lapkričio mėn. iki 2006 m. rugsėjo mėn., remiantis minėtos direktyvos 4 straipsnio 1 dalimi, Austrija, Belgija, Čekija, Danija, Prancūzija, Vokietija, Italija, Liuksemburgas, Lenkija, Slovėnija ir Švedija perdavė Komisijai siūlomų žemyninio biogeografinio regiono teritorijų, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje, sąrašus.
- (9) Kartu su siūlomų teritorijų sąrašais pagal 1996 m. gruodžio 18 d. Sprendime 97/266/EB dėl informacijos apie siūlomas „Natura 2000“ teritorijas formos ⁽³⁾ nustatytą formą buvo pateikta informacija apie kiekvieną teritoriją.

⁽¹⁾ OL L 206, 1992 7 22, p. 7. Direktyva su paskutiniais pakeitimais, padarytais Tarybos direktyva 2006/105/EB (OL L 363, 2006 12 20, p. 368).

⁽²⁾ OL L 382, 2004 12 28, p. 1.

⁽³⁾ OL L 107, 1997 4 24, p. 1.

- (10) Tą informaciją sudaro naujausias ir tiksliausias atitinkamos valstybės narės perduotas teritorijos žemėlapis, teritorijos pavadinimas, vietovė, ribos ir duomenys, pateikti laikantis Direktyvos 92/43/EEB III priede nustatytų kriterijų.
- (11) Remiantis sąrašo, Komisijos sudaryto susitarus su kiekviena atitinkama valstybe nare, projektu, kuriame dar nurodomos ir teritorijos, kuriose aptinkami prioritetiniai natūralių buveinių tipai arba prioritetinės rūšys, turėtų būti patvirtintas pirmasis atnaujintas teritorijų, atrinktų kaip žemyninio biogeografinio regiono Bendrijos svarbos teritorijos, sąrašas.
- (12) Dėl stebėjimo, atliekamo remiantis Direktyvos 92/43/EEB 11 straipsniu, žinių apie natūralių buveinių tipų ir rūšių buvimą bei pasiskirstymą nuolat gausėja. Todėl teritorijų vertinimas ir atranka Bendrijos lygiu buvo atlikti naudojantis išsamiausia šiuo metu turima informacija.
- (13) Tačiau kai kurios valstybės narės nepasiūlė pakankamai teritorijų ir neįvykdė Direktyvos 92/43/EEB reikalavimų, susijusių su tam tikrais buveinių tipais ir rūšimis. Dėl šių rūšių ir buveinių tipų negalima daryti išvados, kad tinklas yra visiškai užbaigtas. Tačiau atsižvelgdama į tai, kad vėluoja informacija ir vėluojama susitarti su valstybėmis narėmis, Komisija mano, jog ji turėtų patvirtinti pirmąjį atnaujintą teritorijų sąrašą, kurį dar reikės tikslinti remiantis Direktyvos 92/43/EEB 4 straipsnio nuostatomis.
- (14) Atsižvelgiant į tai, kad žinios apie Direktyvos 92/43/EEB I priede išvardytų natūralių buveinių tipų ir II priede išvardytų rūšių, aptinkamų jūrų teritoriniuose vandenyse ir jūrų vandenyse, priklausančiuose nacionalinei jurisdikcijai, bet esančiuose už teritorinių vandenų ribų, buvimą ir pasiskirstymą tebėra neišsamios, negalima daryti išvados, kad buveinių tinklas yra visiškai užbaigtas arba neužbaigtas. Prireikus įvairių buveinių tipų ir rūšių sąrašas turėtų būti

patikslintas pagal Direktyvos 92/43/EEB 4 straipsnio nuostatas.

- (15) Dėl aiškumo ir skaidrumo Sprendimą 2004/798/EB reikėtų pakeisti kitu.
- (16) Šiame sprendime numatytos priemonės atitinka Buveinių komiteto nuomonę.

PRIĖMĖ ŠĮ SPRENDIMĄ:

1 straipsnis

Šio sprendimo priede pateikiamas sąrašas yra pirmasis atnaujintas žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas pagal Direktyvos 92/43/EEB 4 straipsnio 2 dalies trečiąją pastraipą.

2 straipsnis

Sprendimas 2004/798/EB panaikinamas.

3 straipsnis

Šis sprendimas skirtas valstybėms narėms.

Priimta Briuselyje 2007 m. lapkričio 13 d.

Komisijos vardu

Stavros DIMAS

Komisijos narys

PRIEDAS

Pirmasis atnaujintas žemyninio biogeografinio regiono Bendrijos svarbos teritorijų sąrašas

Kiekviena Bendrijos svarbos teritorija (BST) yra nustatoma pagal informaciją, pateiktą „Natura 2000“ forma kartu su atitinkamu žemėlapiu. Tą informaciją pateikė kompetentingos nacionalinės institucijos, laikydamosi 4 straipsnio 1 dalies antros pastraipos.

Toliau pateiktoje lentelėje nurodoma ši informacija:

A : devynių skaitmenų BST kodas, kurio pirmieji du skaitmenys yra valstybės narės ISO kodas;

B : BST pavadinimas;

C : * = BST yra bent vienas (-a) prioritetas natūralių buveinių tipas ir (arba) rūšis, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje;

D : BST plotas hektarais arba ilgis kilometrais;

E : BST geografinės koordinatės (platuma ir ilguma).

Visa toliau pateikto Bendrijos sąrašo informacija pagrįsta Austrijos, Belgijos, Čekijos, Vokietijos, Danijos, Prancūzijos, Italijos, Liuksemburgo, Lenkijos, Švedijos ir Slovėnijos pasiūlytais, perduotais ir patvirtintais duomenimis.

KOMISIJOS SPRENDIMAS

2007 m. lapkričio 13 d.

kuriuo, remiantis Tarybos direktyva 92/43/EEB, patvirtinamas Panonijos biogeografinio regiono Bendrijos svarbos teritorijų sąrašas

(Pranešta dokumentu Nr. C(2007) 5404)

(2008/26/EB)

EUROPOS BENDRIJŲ KOMISIJA,

atsižvelgdama į Europos bendrijos steigimo sutartį,

atsižvelgdama į 1992 m. gegužės 21 d. Tarybos direktyvą 92/43/EEB dėl natūralių buveinių ir laukinės faunos bei floros apsaugos ⁽¹⁾, ypač į jos 4 straipsnio 2 dalies trečią pastraipą,

kadangi:

- (1) Direktyvos 92/43/EEB 1 straipsnio c punkto iii papunktyje nurodytą Panonijos biogeografinį regioną sudaro dalis Čekijos, Slovakijos bei Rumunijos teritorijos ir Vengrijos teritorija, kaip nustatyta biogeografiniame žemėlapyje, kurį 2005 m. balandžio 20 d. patvirtino direktyvos 20 straipsniu įsteigtas komitetas (toliau – Buveinių komitetas).
- (2) Šis sprendimas netaikomas Rumunijos, kuri į Europos Sąjungą įstojo 2007 m., teritorijai. Savo pasiūlymus dėl teritorijų Rumunija Komisijai ėmė teikti įstojusi į Europos Sąjungą. Rumunijos pateiktų duomenų kol kas nebuvo įmanoma įtraukti į dabartinį pirminį Direktyvoje 92/43/EEB apibrėžtą Bendrijos svarbos teritorijų sąrašą.
- (3) Būtina tęsti 1995 m. pradėtą procesą ir siekti realios pažangos steigiant „Natura 2000“ tinklą, kuris yra vienas svarbiausių Bendrijos biologinės įvairovės apsaugos aspektų.
- (4) Remdamosi Direktyvos 92/43/EEB 4 straipsnio 1 dalimi, Čekija, Vengrija ir Slovakija nuo 2004 m. gegužės mėn. iki 2006 m. rugsėjo mėn. Komisijai perdavė Bendrijos svarbos teritorijų Panonijos biogeografiniame regione sąrašus, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje.
- (5) Su siūlomų teritorijų sąrašais pateikta nustatytos formos informacija apie kiekvieną teritoriją, parengta pagal 1996 m. gruodžio 18 d. Komisijos sprendimą 97/266/EB dėl informacijos apie siūlomas Natura 2000 teritorijas formos ⁽²⁾.

(6) Šią informaciją sudaro valstybės narės perduotas naujausias galutinis teritorijos žemėlapis, teritorijos pavadinimas, vieta bei dydis ir duomenys, surinkti taikant Direktyvos 92/43/EEB III priede nurodytus kriterijus.

(7) Remiantis sąrašo projektu, kurį Komisija parengė suderinusi su kiekviena suinteresuotąja valstybe nare ir kuriame taip pat nurodytos teritorijos, kuriose esama prioritetinių tipų natūralių buveinių arba prioritetinių rūšių, reikėtų patvirtinti Bendrijos svarbos teritorijomis laikytinų teritorijų sąrašą.

(8) Vykdamas stebėjimus pagal Direktyvos 92/43/EEB 11 straipsnį, gaunama vis daugiau žinių apie natūralių tipų buveinių bei rūšių egzistavimą ir pasiskirstymą. Todėl Bendrijos lygmeniu teritorijos įvertintos ir atrinktos vadovaujantis išsamiausiai šiuo metu turimais duomenimis.

(9) Tačiau suinteresuotosios valstybės narės nepasiūlė pakankamai teritorijų, atitinkančių su tam tikrų tipų buveinėmis ir rūšimis siejamus Direktyvos 92/43/EEB reikalavimus. Todėl negalima teigti, kad šių tipų ir rūšių tinklas suformuotas. Tačiau atsižvelgiant į tai, kad vėluoja informacija ir kad vėluojama pasiekti susitarimą su valstybėmis narėmis, būtina patvirtinti pradinį teritorijų sąrašą, kuris turės būti peržiūrėtas pagal Direktyvos 92/43/EEB 4 straipsnį.

(10) Atsižvelgiant į tai, kad žinios apie kai kurių Direktyvos 92/43/EEB I priede nurodytų tipų buveinių arba II priede nurodytų rūšių egzistavimą bei pasiskirstymą tebėra neišsamios, nederėtų daryti išvadų, ar jų tinklas jau suformuotas. Jei reikia, pradinis sąrašas turėtų būti peržiūrėtas pagal Direktyvos 92/43/EEB 4 straipsnio nuostatas.

(11) Šiame sprendime numatytos priemonės atitinka Buveinių komiteto nuomonę,

⁽¹⁾ OL L 206, 1992 7 22, p. 7. Direktyva su paskutiniais pakeitimais, padarytais Direktyva 2006/105/EB (OL L 363, 2006 12 20, p. 368).

⁽²⁾ OL L 107, 1997 4 24, p. 1.

PRIĖMĖ ŠĮ SPRENDIMĄ:

2 straipsnis

Šis sprendimas skirtas valstybėms narėms.

1 straipsnis

Priimta Briuselyje 2007 m. lapkričio 13 d.

Direktyvos 92/43/EEB 4 straipsnio 2 dalies trečiojoje pastraipoje numatytas pirminis Bendrijos svarbos teritorijų Panonijos biogeografiniame regione sąrašas pateikiamas šio sprendimo priede.

Komisijos vardu

Stavros DIMAS

Komisijos narys

PRIEDAS

Bendrijos svarbos teritorijų Panonijos biogeografiniame regione pradinis sąrašas

Kiekviena Bendrijos svarbos teritorija (BST) nustatoma pateikiant Natura 2000 formos informaciją, įskaitant atitinkamą žemėlapi. Šią informaciją kompetentingos nacionalinės institucijos pateikia pagal 4 straipsnio 1 dalies antrą pastraipą.

Toliau pateikiamoje lentelėje yra ši informacija:

A : BST kodas, sudarytas iš devynių skaitmenų, kurių pirmieji du – valstybės narės ISO kodas;

B : BST pavadinimas;

C : * = Bendrijos svarbos teritorijoje yra bent viena prioritetingo tipo buveinė ir (arba) prioritetinga rūšis, kaip apibrėžta Direktyvos 92/43/EEB 1 straipsnyje;

D : BST plotas hektarais arba ilgis kilometrais;

E : geografinės BST koordinatės (ilguma ir platumas).

Visa toliau pateikto Bendrijos sąrašo informacija pagrįsta Čekijos, Vengrijos ir Slovakijos pasiūlytais, perduotais ir patvirtintais duomenimis.
