

It-Tlieta, 15 ta' Novembru 2005

- (4) Since the 169,4 to 169,8 MHz band is appropriate for applications benefiting people with impairments or disabilities, and considering that promotion of such applications is a policy objective for the Community together with the general objective of ensuring the functioning of the internal market, the Commission pursuant to Article 4(2) of the Radio Spectrum Decision issued the European Conference of Postal and Telecommunications Administration (hereinafter "the CEPT") with a mandate to examine, inter alia, applications related to assistance for people with disabilities.
- (5) As mandated, the CEPT produced a new frequency plan, and a channel arrangement allowing six types of preferred applications to share the band in order to meet several Community policy needs.
- (6) For these reasons and in accordance with the objectives of the Radio Spectrum Decision, Directive 90/544/EEC should be repealed,
