| 60. <i>Trifolium incarnatum</i> L. Silla krimżija .....                                                                                                                       | 9     |
| 71. <i>Vicia faba</i> L. (partim) Favetta .....                                                                                                                               | 9     |
| 73. <i>Vicia sativa</i> L. Ġulbiena komuni .....                                                                                                                              | 10    |
| 75. <i>Brassica napus</i> L. var. <i>napobrassica</i> (L.) Rchb. Kaboċċa Svedia .....                                                                                         | 10    |
| 76. <i>Brassica oleracea</i> L. convar. <i>acephala</i> (DC.) Alef. var. <i>medullosa</i> Thell. + var. <i>viridis</i> L. Felful (pastard) ta' l-ghalf felful (kaboċċi) ..... | 10    |
| 79. <i>Raphanus sativus</i> L. var. <i>oleiformis</i> Pers. Ravanell għall-ghalf .....                                                                                        | 10    |

### III. Pjanti tal-fibra u taż-żejt

|                                                                |    |
|----------------------------------------------------------------|----|
| 82. <i>Brassica juncea</i> (L.) Czern. Mustarda kannella ..... | 11 |
| 83. <i>Brassica napus</i> L. (partim) Nevew .....              | 11 |
| 88. <i>Gossypium</i> spp. Qoton .....                          | 14 |
| 89. <i>Helianthus annuus</i> L. Ġirasol .....                  | 14 |
| 92. <i>Sinapis alba</i> L. Mustarda bajda .....                | 14 |
| 93. <i>Glycine max</i> (L.) Merr. Fażola tas-soja .....        | 14 |

### IV. Ċereali

|                                                                                                                                                                                    |    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| 95. <i>Avena sativa</i> L. (including <i>A. Byzantina</i> K. Koch) Hafur u Hafur Aħmar .....                                                                                       | 15 |
| 97. <i>Hordeum vulgare</i> L. Xghir .....                                                                                                                                          | 15 |
| 97.1. 2-row barley .....                                                                                                                                                           | 15 |
| 97.2. 6-row barley .....                                                                                                                                                           | 15 |
| 98. <i>Oryza sativa</i> L. Ross .....                                                                                                                                              | 15 |
| 100. <i>Secale cereale</i> L. Rye .....                                                                                                                                            | 16 |
| 101. <i>Sorghum bicolor</i> (L.) Moench Haxix tas-Sorgu .....                                                                                                                      | 16 |
| 103. <i>Sorghum bicolor</i> (L.) Moench × <i>Sorghum sudanense</i> (Piper) Stapf. Ibridi li jirriżultaw mill-inkroċjar ta' <i>Sorghum bicolor</i> u <i>Sorghum sudanense</i> ..... | 16 |
| 104. × <i>Triticosecale</i> Wittm. ex <i>A. Camus</i> ibridi li jirriżultaw mill-inkroċjar ta' speċi tal- ġenus <i>Triticum</i> u speċi tal- ġenus <i>Secale</i> .....             | 16 |
| 105. <i>Triticum aestivum</i> L. Qamħ .....                                                                                                                                        | 16 |
| 107. <i>Triticum spelta</i> L. Qamħ spelt .....                                                                                                                                    | 17 |
| 108. <i>Zea mays</i> L. (partim) Qamħirrun (apparti minn convar. <i>microsperma</i> (Koern) u convar. <i>saccharata</i> (Koern)) ..                                                | 17 |

### V. Patata

|                                               |    |
|-----------------------------------------------|----|
| 109. <i>Solanum tuberosum</i> L. Patata ..... | 22 |
|-----------------------------------------------|----|

**SPJEGA**

1. Dan is-suppliment mal-verżjoni kkonsolidata tal-2020 tal-katalgu komuni tal-varjetajiet ta' speċijiet ta' pjanti agrikoli <sup>(1)</sup> fih il-modifiki li kien hemm bżonn jiżdiedu, biex titqies l-informazzjoni li rċeviet il-Kummissjoni minghand l-Istati Membri.
2. Dan is-suppliment isegwi s-sottodivizzjoni adottata fil-verżjoni kkonsolidata tal-2020. Tista' ssir referenza għad-didaskalija ta' din l-edizzjoni.
3. Dan is-suppliment ikopri n-notifiki li waslu mill-1 sal-31 ta' Jannar 2021.
4. Il-modifiki li saru fil-verżjoni kkonsolidata tal-2020 huma indikati fil-kolonna 4 kif ġej:
  - (żieda): tfisser pożizzjoni ġdida mdahhla fil-katalgu komuni,
  - (modifika): tfisser modifika lil pożizzjoni eżistenti. L-indikazzjonijiet marbutin ma' din il-pożizzjoni f'dan is-suppliment jiehdu post daww il-verżjoni kkonsolidata tal-2020,
  - (thassir): tfisser li l-pożizzjoni u l-indikazzjonijiet kollha marbutin magħha thassru mill-katalgu komuni.
5. Dan is-suppliment jikkonċerna l-varjetajiet innotifikati li għalihom japplikaw id-dispożizzjonijiet stabbiliti fl-Artikolu 16(1) tad-Direttiva tal-Kunsill 2002/53/KE <sup>(2)</sup>.
6. Meta l-kodiċi ta' mantenitur ma jidherx fil-verżjoni kkonsolidata tal-2020, isem il-mantenitur u l-indirizz tiegħu jistgħu jinkisbu minghand l-awtorità indikata fil-lista tal-Istat Membru jew tal-pajjiż tal-EFTA kkonċernat.
