TITLE IV

**MANAGEMENT OF PM ACCOUNTS AND PROCESSING OF
PAYMENT ORDERS***Article 10***Opening and management of PM accounts****▼ M2**

1. The ECB shall open and operate at least one PM account for each participant. Upon request by a participant acting as a settlement bank, the ECB shall open one or more sub-accounts in TARGET2-ECB to be used for dedicating liquidity.

▼ B

2. No debit balance shall be allowed on PM accounts.

▼ M7

3. PM accounts and their sub-accounts shall be remunerated either at zero per cent or the deposit facility rate, whichever is lower.

▼ B

4. Participants shall use the ICM to obtain information on their liquidity position. The ECB shall provide a daily statement of accounts to any participant that has opted for such service.

▼ M11

5. A PM account holder accepting its PM account to be designated as the Main PM account shall be bound by any invoices related to the opening and operation of each T2S DCA linked to that PM account, as set out in Appendix VI to this Annex, including any penalties levied in accordance with paragraph 9(d) of Annex IIIa, regardless of the content of, or any non-compliance with, the contractual or other arrangements between that PM account holder and the T2S DCA holder.

▼ M8

6. A Main PM account holder shall be bound by any invoices, as set out in Appendix VI to this Annex, for the linkage to each ► M11 T2S DCA ◄ to which the PM account is linked.

▼ M11

7. A PM account holder accepting its PM account to be designated as the Linked PM account shall be bound by any invoices related to the opening and operation of each TIPS DCA linked to that PM account, as set out in Appendix VI to this Annex, regardless of the content of, or any non-compliance with, the contractual or other arrangements between that PM account holder and the TIPS DCA holder. A Linked PM account may be linked to a maximum of 10 TIPS DCAs.

8. The holder of a Linked PM account shall have an overview of the liquidity available on the TIPS DCAs linked to that PM account and ensure the TIPS DCA holders are aware of their responsibility to manage that liquidity.

▼ M8*Article 11***Types of payment orders**

The following are classified as payment orders for the purposes of TARGET2:

- (a) credit transfer orders;
- (b) direct debit instructions carried out under a direct debit authorisation;

▼ M11

- (c) liquidity transfer orders;
- (d) PM to T2S DCA liquidity transfer orders; and
- (e) PM to TIPS DCA liquidity transfer orders.

▼ B*Article 12***Acceptance and rejection of payment orders**

1. Payment orders submitted by participants are deemed accepted by the ECB if:
 - (a) the payment message complies with the rules established by the ► **M11** TARGET2 network service provider ◀;
 - (b) the payment message complies with the formatting rules and conditions of TARGET2-ECB and passes the double-entry check described in Appendix I; and
 - (c) in cases where a payer or a payee has been suspended, the suspended participant's CB's explicit consent has been obtained.
2. The ECB shall immediately reject any payment order that does not fulfil the conditions laid down in paragraph 1. The ECB shall inform the participant of any rejection of a payment order, as specified in Appendix I.

▼ M11

3. The SSP attaches its timestamp for the processing of payment orders in the sequence of their receipt.

▼ M2*Article 13***Priority rules**

1. Instructing participants shall designate every payment order as one of the following:
 - (a) normal payment order (priority class 2);
 - (b) urgent payment order (priority class 1); or
 - (c) highly urgent payment order (priority class 0).

If a payment order does not indicate the priority, it shall be treated as a normal payment order.

▼ M11

2. Highly urgent payment orders may only be designated by:
 - (a) CBs; and
 - (b) participants, in cases of payments to and from CLS Bank International, with the exception of payments related to the CLS CCP service and, at the discretion of the Governing Council, the CLSNow service, and liquidity transfers in relation to ancillary system settlement using the ASI.

All payment instructions submitted by an ancillary system through the ASI to debit or credit the participants' PM accounts and all PM to T2S DCA liquidity transfer orders and PM to TIPS DCA liquidity transfer orders submitted shall be deemed to be highly urgent payment orders.

▼ M2

3. Liquidity transfer orders initiated via the ICM are urgent payment orders.
4. In the case of urgent and normal payment orders, the payer may change the priority via the ICM with immediate effect. It shall not be possible to change the priority of a highly urgent payment order.

▼ B*Article 14***Liquidity limits**

1. A participant may limit the use of available liquidity for payment orders in relation to other TARGET2 participants, except any of the CBs, by setting bilateral or multilateral limits. Such limits may only be set in relation to normal payment orders.

▼B

2. By setting a bilateral limit, a participant instructs the ECB that an accepted payment order shall not be settled if the sum of its outgoing normal payment orders to another TARGET2 participant's PM account minus the sum of all incoming urgent and normal payments from such TARGET2 participant's PM account would exceed this bilateral limit.

3. A participant may set a multilateral limit for any relationship that is not subject to a bilateral limit. A multilateral limit may only be set if the participant has set at least one bilateral limit. If a participant sets a multilateral limit, it instructs the ECB that an accepted payment order shall not be settled if the sum of its outgoing normal payment orders to all TARGET2 participants' PM accounts in relation to which no bilateral limit has been set, minus the sum of all incoming urgent and normal payments from such PM accounts would exceed this multilateral limit.

4. The minimum amount of any of the limits shall be EUR 1 million. A bilateral or a multilateral limit with an amount of zero shall be treated as if no limit has been set. Limits between zero and EUR 1 million are not possible.

5. Limits may be changed in real time with immediate effect or with effect from the next business day via the ICM. If a limit is changed to zero, it shall not be possible to change it again on the same business day. The setting of a new bilateral or multilateral limit shall only be effective from the next business day.

*Article 15***Liquidity reservation facilities**

1. Participants may reserve liquidity for highly urgent or urgent payment orders via the ICM.

2. By requesting to reserve a certain amount of liquidity for highly urgent payment orders, a participant instructs the ECB only to settle urgent and normal payment orders if there is available liquidity after the amount reserved for highly urgent payment orders has been deducted.

3. By requesting to reserve a certain amount of liquidity for urgent payment orders, a participant instructs the ECB only to settle normal payment orders if there is available liquidity after the amount reserved for urgent and highly urgent payment orders has been deducted.

▼M2

4. After receipt of the reservation request the ECB shall check whether the amount of liquidity on the participant's PM account is sufficient for the reservation. If this is not the case, only the liquidity available on the PM account shall be reserved. The rest of the requested liquidity shall be reserved if additional liquidity becomes available.

▼B

5. The level of the liquidity reservation may be changed. Participants may make a request via the ICM to reserve new amounts with immediate effect or with effect from the next business day.

▼M2*Article 15a***Standing instructions for liquidity reservation and dedication of liquidity**

1. Participants may predefine the default amount of liquidity reserved for highly urgent or urgent payment orders via the ICM. Such standing instruction or a change to such instruction shall take effect from the next business day.

2. Participants may predefine via the ICM the default amount of liquidity set aside for ancillary system settlement. Such standing instruction or a change to such instruction shall take effect from the next business day. Participants shall be deemed to have instructed the ECB to dedicate liquidity on their behalf if the relevant ancillary system so requests.

Article 16

Predetermined settlement times

1. Instructing participants may predetermine the settlement time of the payment orders within a business day by using the Earliest Debit Time Indicator or the Latest Debit Time Indicator.
2. When the Earliest Debit Time Indicator is used, the accepted payment order is stored and only entered into the entry disposition at the indicated time.
3. When the Latest Debit Time Indicator is used, the accepted payment order shall be returned as non-settled if it cannot be settled by the indicated debit time. 15 minutes prior to the defined debit time, the instructing participant shall be sent an automatic notification via the ICM. Instructing participant may also use the Latest Debit Time Indicator solely as a warning indicator. In such cases, the payment order concerned shall not be returned.
4. Instructing participants can change the Earliest Debit Time Indicator and the Latest Debit Time Indicator via the ICM.
5. Further technical details are contained in Appendix I.

Article 17

Payment orders submitted in advance

1. Payment orders may be submitted up to five business days before the specified settlement date (warehoused payment orders).
2. Warehoused payment orders shall be accepted and entered into the entry disposition on the date specified by the instructing participant at the start of daytime processing, as referred to in Appendix V. They shall be placed in front of payment orders of the same priority.
3. Articles 13(3), 20(2) and 23(1)(a) shall apply mutatis mutandis to warehoused payment orders.

Article 18

Settlement of payment orders in the entry disposition

1. Unless instructing participants have indicated the settlement time in the manner described in Article 16, accepted payment orders shall be settled immediately or at the latest by the end of the business day on which they were accepted, provided that sufficient funds are available on the payer's PM account and taking into account any liquidity limits and liquidity reservations as referred to in Articles 14 and 15.
2. Funding may be provided by:
 - (a) the available liquidity on the PM account; or
 - (b) incoming payments from other TARGET2 participants, subject to the applicable optimisation procedures.
3. For highly urgent payment orders the 'first in, first out' (FIFO) principle shall apply. This means that highly urgent payment orders shall be settled in chronological order. Urgent and normal payment orders shall not be settled for as long as highly urgent payment orders are queued.
4. For urgent payment orders the FIFO principle shall also apply. Normal payment orders shall not be settled if urgent and highly urgent payment orders are queued.
5. By derogation from paragraphs 3 and 4, payment orders with a lower priority (or of the same priority but accepted later) may be settled before payment orders with a higher priority (or of the same priority which were accepted earlier), if the payment orders with a lower priority would net out with payments to be received and result on balance in a liquidity increase for the payer.

▼ B

6. Normal payment orders shall be settled in accordance with the FIFO by-passing principle. This means that they may be settled immediately (independently of other queued normal payments accepted at an earlier time) and may therefore breach the FIFO principle, provided that sufficient funds are available.

7. Further details on the settlement of payment orders in the entry disposition are contained in Appendix I.

▼ M2*Article 19***Settlement and return of queued payment orders**

1. Payment orders that are not settled immediately in the entry disposition shall be placed in the queues in accordance with the priority to which they were designated by the relevant participant, as referred to in Article 13.

2. To optimise the settlement of queued payment orders, the ECB may use the optimisation procedures described in Appendix I.

3. Except for highly urgent payment orders, the payer may change the queue position of payment orders in a queue (i.e. reorder them) via the ICM. Payment orders may be moved either to the front or to the end of the respective queue with immediate effect at any time during daytime processing, as referred to in Appendix V.

4. At the request of a payer, the ECB may decide to change the queue position of a highly urgent payment order (except for highly urgent payment orders in the context of settlement procedures 5 and 6) provided that this change would not affect the smooth settlement by ancillary systems in TARGET2 or would not otherwise give rise to systemic risk.

5. Liquidity transfer orders initiated in the ICM shall be immediately returned as non-settled if there is insufficient liquidity. Other payment orders shall be returned as non-settled if they cannot be settled by the cut-off times for the relevant message type, as specified in Appendix V.

▼ B*Article 20***Entry of payment orders into the system and their irrevocability****▼ M6**

1. For the purposes of the first sentence of Article 3(1) of the Settlement Finality Directive and the third sentence of § 116, § 96(2), § 82 and § 340(3) of the German Insolvency Code (*Insolvenzordnung*) and the last sentence of § 46(2) of the KWG, payment orders are deemed entered into TARGET2-ECB at the moment that the relevant participant's PM account is debited.

▼ B

2. Payment orders may be revoked until they are entered into TARGET2-ECB in accordance with paragraph 1. Payment orders that are included in an algorithm, as referred to in Appendix I, may not be revoked during the period that the algorithm is running.

TITLE V

SECURITY REQUIREMENTS AND CONTINGENCY ISSUES**▼ M12***Article 21***Business continuity and contingency procedures**

1. In the event of an abnormal external event or any other event which affects the operation of the SSP, the business continuity and contingency procedures described in Appendix IV shall apply.

2. The Eurosystem provides a Contingency Solution if the events described in paragraph 1 occur. Connection to and use of the Contingency Solution shall be mandatory for participants considered by the ECB to be critical. Other participants may, on request, connect to the Contingency Solution.

▼B*Article 22***Security requirements**

1. Participants shall implement adequate security controls to protect their systems from unauthorised access and use. Participants shall be exclusively responsible for the adequate protection of the confidentiality, integrity and availability of their systems.
2. Participants shall inform the ECB of any security-related incidents in their technical infrastructure and, where appropriate, security-related incidents that occur in the technical infrastructure of the third party providers. The ECB may request further information about the incident and, if necessary, request that the participant take appropriate measures to prevent a recurrence of such an event.

▼M12

3. The ECB may impose additional security requirements, in particular with regard to cybersecurity or the prevention of fraud, on all participants and/or on participants that are considered critical by the ECB.
4. Participants shall provide the ECB with their TARGET2 self-certification and their attestation of adherence to the TARGET2 network service provider's endpoint security requirements. In the event of non-adherence to the latter, participants shall provide a document describing alternative mitigating measures to the satisfaction of the ECB.

▼B

TITLE VI

THE INFORMATION AND CONTROL MODULE*Article 23***Use of the ICM**

1. The ICM:
 - (a) allows participants to access information relating to their accounts and to manage liquidity;

▼M11

- (b) may be used to initiate liquidity transfer orders, TIPS DCA to PM liquidity transfer orders, PM to TIPS DCA liquidity transfer orders, PM to T2S DCA liquidity transfer orders and, when the ICM is used in combination with the T2S value added services, T2S DCA to PM liquidity transfer orders; and

▼M12

- (c) allows participants to initiate backup liquidity redistribution and backup contingency payments or payment orders to the Contingency Solution in the event of a failure of the participant's payment infrastructure.

▼B

2. Further technical details relating to the ICM are contained in Appendix I.

TITLE VII

COMPENSATION, LIABILITY REGIME AND EVIDENCE*Article 24***Compensation scheme**

If a payment order cannot be settled on the same business day on which it was accepted due to a technical malfunction of TARGET2, the ECB shall offer to compensate the direct participants concerned in accordance with the special procedure laid down in Appendix II.

*Article 25***Liability regime**

1. In performing their obligations pursuant to these Conditions, the ECB and the participants shall be bound by a general duty of reasonable care in relation to each other.

▼B

2. The ECB shall be liable to its participants in cases of fraud (including but not limited to wilful misconduct) or gross negligence, for any loss arising out of the operation of TARGET2-ECB. In cases of ordinary negligence, the ECB's liability shall be limited to the participant's direct loss, i.e. the amount of the transaction in question and/or the loss of interest thereon, excluding any consequential loss.

3. The ECB is not liable for any loss that results from any malfunction or failure in the technical infrastructure (including but not limited to the ECB's computer infrastructure, programmes, data, applications or networks), if such malfunction or failure arises in spite of the ECB having adopted those measures that are reasonably necessary to protect such infrastructure against malfunction or failure, and to resolve the consequences of such malfunction or failure (the latter including but not limited to initiating and completing the business continuity and contingency procedures referred to in Appendix IV).

4. The ECB shall not be liable:

- (a) to the extent that the loss is caused by the participant; or
- (b) if the loss arises out of external events beyond the ECB's reasonable control (force majeure).

▼M11

5. Notwithstanding Sections 675(u), 675(v), 675(x), 675(y), 675(z), 676(a), 676(c) of the German Civil Code (*Bürgerliches Gesetzbuch*), paragraphs 1 to 4 shall apply to the extent that the ECB's liability can be excluded.

▼B

6. The ECB and the participants shall take all reasonable and practicable steps to mitigate any damage or loss referred to in this Article.

7. In performing some or all of its obligations under these Conditions, the ECB may commission third parties in its own name, particularly telecommunications or other network providers or other entities, if this is necessary to meet the ECB's obligations or is standard market practice. The ECB's obligation shall be limited to the due selection and commissioning of any such third parties and the ECB's liability shall be limited accordingly. For the purposes of this paragraph, the ►M11 SSP-providing NCBs ◄ shall not be considered as third parties.

*Article 26***Evidence**

1. Unless otherwise provided in these Conditions, all payment and payment processing-related messages in relation to TARGET2, such as confirmations of debits or credits, or statement messages, between the ECB and participants shall be made through the ►M11 TARGET2 network service provider ◄.

2. Electronic or written records of the messages retained by the ECB or by the ►M11 TARGET2 network service provider ◄ shall be accepted as a means of evidence of the payments processed through the ECB. The saved or printed version of the original message of the ►M11 TARGET2 network service provider ◄ shall be accepted as a means of evidence, regardless of the form of the original message.

3. If a participant's connection to the ►M11 TARGET2 network service provider ◄ fails, the participant shall use the alternative means of transmission of messages laid down in Appendix IV. In such cases, the saved or printed version of the message produced by the ECB shall have the same evidential value as the original message, regardless of its form.

4. The ECB shall keep complete records of payment orders submitted and payments received by participants for a period of 10 years from the time at which such payment orders are submitted and payments are received.

5. The ECB's own books and records (whether kept on paper, microfilm, microfiche, by electronic or magnetic recording, in any other mechanically reproducible form or otherwise) shall be accepted as a means of evidence of any obligations of the participants and of any facts and events that the parties rely on.

TITLE VIII

TERMINATION OF PARTICIPATION AND CLOSURE OF ACCOUNTS

*Article 27***Duration and ordinary termination of participation**

1. Without prejudice to Article 28, participation in TARGET2-ECB is for an indefinite period of time.
2. A participant may terminate its participation in TARGET2-ECB at any time giving 14 business days' notice thereof, unless it agrees a shorter notice period with the ECB.
3. The ECB may terminate a participant's participation in TARGET2-ECB at any time giving three months' notice thereof, unless it agrees a different notice period with that participant.
4. On termination of participation, the confidentiality duties laid down in Article 32 remain in force for a period of five years starting on the date of termination.
5. On termination of participation, the PM accounts of the participant concerned shall be closed in accordance with Article 29.

*Article 28***Suspension and extraordinary termination of participation**

1. A participant's participation in TARGET2-ECB shall be immediately terminated without prior notice or suspended if one of the following events of default occurs:
 - (a) the opening of insolvency proceedings; and/or
 - (b) the participant no longer meets the access criteria laid down in Article 4.

▼M11

For the purposes of this paragraph, the taking of crisis prevention measures or crisis management measures within the meaning of Directive 2014/59/EU of the European Parliament and of the Council ⁽¹⁾ against a PM account holder shall not automatically qualify as the opening of insolvency proceedings.

▼B

2. The ECB may terminate without prior notice or suspend the participant's participation in TARGET2-ECB if:
 - (a) one or more events of default (other than those referred to in paragraph 1) occur;
 - (b) the participant is in material breach of these Conditions;
 - (c) the participant fails to carry out any material obligation to the ECB;
 - (d) the participant is excluded from, or otherwise ceases to be a member of, a TARGET2 CUG; ►M4 ————— ◀

▼M5

- (e) any other participant-related event occurs which, in the ECB's assessment, would threaten the overall stability, soundness and safety of TARGET2-ECB or of any other TARGET2 component system, which would jeopardise the ECB's performance of its tasks as described in the Statute of the European System of Central Banks and of the European Central Bank, or poses risks on the grounds of prudence;

▼M11

- (f) the ECB suspends, limits or terminates the participant's access to intraday credit pursuant to paragraph 12 of Annex III to Guideline ECB/2012/27.

⁽¹⁾ Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (OJ L 173, 12.6.2014, p. 190).

▼ B

3. In exercising its discretion under paragraph 2, the ECB shall take into account, inter alia, the seriousness of the event of default or events mentioned in subparagraphs (a) to (c).

4. ►**M9** (a) In the event that the ECB suspends or terminates a PM account holder's participation in TARGET2-ECB under paragraph 1 or 2, the ECB shall immediately inform, by means of an ICM broadcast message or a T2S broadcast message, that PM account holder, other CBs and PM account holders and ►**M11** T2S DCA holders ◀ in all of the TARGET2 component systems of such suspension or termination. Such message shall be deemed to have been issued by the home CB of the PM account holder and ►**M11** T2S DCA holder ◀ that receives the message. ◀

▼ M9**▼ B**

- (c) Once such an ICM broadcast message has been received by the participants, the latter shall be deemed informed of the termination/suspension of a participant's participation in TARGET2-ECB or another TARGET2 component system. The participants shall bear any losses arising from the submission of a payment order to participants whose participation has been suspended or terminated if such payment order was entered into TARGET2-ECB after receipt of the ICM broadcast message.

5. Upon termination of a participant's participation, TARGET2-ECB shall not accept any new payment orders from such participant. Payment orders in the queue, warehoused payment orders or new payment orders in favour of such participant shall be returned.

▼ M10

6. If a PM account holder is suspended from TARGET2-ECB on grounds other than those specified in paragraph (1)(a), all of its incoming payments and outgoing payment orders shall be stored and only entered into the entry disposition after they have been explicitly accepted by the suspended PM account holder's CB.

7. If a PM account holder is suspended from TARGET2-ECB on the grounds specified in paragraph (1)(a), any outgoing payment orders from that PM account holder shall only be processed on the instructions of its representatives, including those appointed by a competent authority or a court, such as the PM account holder's insolvency administrator, or pursuant to an enforceable decision of a competent authority or a court providing instructions as to how the payments are to be processed. All incoming payments shall be processed in accordance with paragraph 6.

▼ B*Article 29***Closure of PM accounts**

1. Participants may close their PM accounts at any time provided they give the ECB 14 business days' notice thereof.

2. On termination of participation, pursuant to either Article 27 or 28, the ECB shall close the PM accounts of the participant concerned, after having:

- (a) settled or returned any queued payment orders; and
- (b) made use of its rights of pledge and set-off under Article 30.

▼B

TITLE IX
FINAL PROVISIONS

Article 30

The ECB's rights of pledge and set-off

1. The ECB shall have a pledge over the participant's existing and future credit balances on its PM accounts, thereby collateralising any current and future claims arising out of the legal relationship between the parties.

2. On the occurrence of:

(a) an event of default referred to in Article 28(1); or

(b) any other event of default or event referred to in Article 28(2) that has led to the termination or suspension of the participant's participation in TARGET2-ECB

notwithstanding the commencement of any insolvency proceedings in respect of a participant and notwithstanding any assignment, judicial or other attachment or other disposition of or in respect of the participant's rights, all obligations of the participant shall be automatically and immediately accelerated, without prior notice and without the need for any prior approval of any authority, so as to be immediately due. In addition, the mutual obligations of the participant and the ECB shall automatically be set off against each other, and the party owing the higher amount shall pay to the other the difference.

3. The ECB shall promptly give the participant notice of any set-off pursuant to paragraph 2 after such set-off has taken place.

4. The ECB may without prior notice debit any participant's PM account by any amount which the participant owes the ECB resulting from the legal relationship between the participant and the ECB.

Article 31

Security rights in relation to funds on sub-accounts

1. The ECB shall have a pledge over the balance on a participant's sub-account opened for the settlement of AS-related payment instructions under the arrangements between the relevant ancillary system and its CB. Such balance shall collateralise the participant's obligation referred to in paragraph 7 towards the ECB in relation to such settlement.

▼M2

2. The ECB shall freeze the balance on the sub-account of the participant upon communication by the ancillary system (via a 'start-of-cycle' message). Where applicable, the ECB shall thereafter increase or reduce the frozen balance by crediting or debiting cross-system settlement payments to or from the sub-account or crediting liquidity transfers to the sub-account or crediting liquidity transfers to the sub-account. Such freezing shall expire upon communication by the ancillary system (via an 'end-of-cycle' message).

3. By confirming the freezing of the balance on the participant's sub-account, the ECB guarantees to the ancillary system payment up to the amount of this particular balance. By confirming, where applicable, the increase or reduction of the frozen balance upon crediting or debiting cross-system settlement payments to or from the sub-account or crediting liquidity transfers to the sub-account, the guarantee is automatically increased or reduced in the amount of the payment. Without prejudice to the abovementioned increase or reduction of the guarantee, the guarantee shall be irrevocable, unconditional and payable on first demand. If the ECB is not the ancillary system's CB, the ECB shall be deemed instructed to issue the abovementioned guarantee to the ancillary system's CB.

▼B

4. In the absence of any insolvency proceedings in relation to the participant, the AS-related payment instructions for the squaring of the participant's settlement obligation shall be settled without drawing on the guarantee and without recourse to the security right over the balance on the participant's sub-account.

5. In the event of the participant's insolvency, the AS-related payment instruction for the squaring of the participant's settlement obligation shall be a first demand for payment under the guarantee; the debiting of the instructed amount from the participant's sub-account (and crediting of the AS's technical account) shall therefore equally involve the discharge of the guarantee obligation by the ECB and a realisation of its collateral right over the balance on the participant's sub-account.

6. The guarantee shall expire upon communication by the ancillary system that the settlement has been completed (via an 'end-of-cycle' message).

7. The participant shall be obliged to reimburse to the ECB any payment made by the latter under such guarantee.

*Article 32***Confidentiality****▼M9**

1. The ECB shall keep confidential all sensitive or secret information, including when such information relates to payment, technical or organisational information belonging to the participant, participants from the same group or the participant's customers, unless the participant or its customer has given its written consent to disclose.

▼M11

1a. By derogation from paragraph 1, the participant agrees that information on any action taken under Article 28 shall not be considered as confidential.

2. By derogation from paragraph 1, the participant agrees that the ECB may disclose payment, technical or organisational information regarding the participant, participants from the same group or the participant's customers obtained in the course of the operation of TARGET2-ECB to:

- (a) other CBs or third parties that are involved in the operation of TARGET2-ECB, to the extent that this is necessary for the efficient functioning of TARGET2 or the monitoring of the participant's or its group's exposure;
- (b) other CBs in order to carry out the analyses necessary for market operations, monetary policy functions, financial stability or financial integration; or

▼M12

(c) supervisory, resolution and oversight authorities of Member States and the Union, including CBs, to the extent that this is necessary for the performance of their public tasks, and provided in all such cases that the disclosure is not in conflict with the applicable law.

▼M11

The ECB shall not be liable for the financial and commercial consequences of such disclosure.

▼M10

3. By derogation from paragraph 1 and provided that this does not make it possible, whether directly or indirectly, to identify the participant or the participant's customers, the ECB may use, disclose or publish payment information regarding the participant or the participant's customers for statistical, historical, scientific or other purposes in the exercise of its public functions or of functions of other public entities to which the information is disclosed.

▼ B

4. Information relating to the operation of TARGET2-ECB to which participants have had access, may only be used for the purposes laid down in these Conditions. Participants shall keep such information confidential, unless the ECB has explicitly given its written consent to disclose. Participants shall ensure that any third parties to whom they outsource, delegate or subcontract tasks which have or may have an impact on the performance of their obligations under these Conditions are bound by the confidentiality requirements in this Article.

5. The ECB shall be authorised, in order to settle payment orders, to process and transfer the necessary data to the ►**M11** TARGET2 network service provider ◄.

*Article 33***▼ M5**

Data protection, prevention of money laundering, administrative or restrictive measures and related issues

▼ M4

1. Participants shall be deemed to be aware of, and shall comply with, all obligations on them relating to legislation on data protection, prevention of money laundering, the financing of terrorism, proliferation-sensitive nuclear activities and the development of nuclear weapons delivery systems, in particular in terms of implementing appropriate measures concerning any payments debited or credited on their PM accounts. Participants shall also acquaint themselves with the ►**M11** TARGET2 network service provider's ◄ data retrieval policy prior to entering into the contractual relationship with the ►**M11** TARGET2 network service provider ◄.

▼ B

2. Participants shall be deemed to have authorised the ECB to obtain any information relating to them from any financial or supervisory authority or trade body, whether national or foreign, if such information is necessary for the participant's participation in TARGET2-ECB.

▼ M5

3. ►**M6** Participants, when acting as the payment service provider of a payer or payee, shall comply with all requirements resulting from administrative or restrictive measures imposed pursuant to Articles 75 or 215 of the Treaty on the Functioning of the European Union to which they are subject, including with respect to notification and/or the obtaining of consent from a competent authority in relation to the processing of transactions. In addition: ◄

(a) when the ECB is the payment service provider of a participant that is a payer:

- (i) the participant shall make the required notification or obtain consent on behalf of the central bank that is primarily required to make notification or obtain consent, and shall provide the ECB with evidence of having made a notification or having received consent; and

▼ M11

- (ii) the participant shall not enter any payment order for the transfer of funds to an account held by an entity different than the participant, into TARGET2 until it has obtained confirmation from the ECB that the required notification has been made or the consent has been obtained by or on behalf of the payment service provider of the payee;

▼ M5

- (b) when the ECB is a payment service provider of a participant that is a payee, the participant shall make the required notification or obtain consent on behalf of the central bank that is primarily required to make notification or obtain consent, and shall provide the ECB with evidence of having made a notification or having received consent.

For the purposes of this paragraph, the terms 'payment service provider', 'payer' and 'payee' shall have the meanings given to them in the applicable administrative or restrictive measures.

▼B*Article 34***Notices**

1. Except where otherwise provided for in these Conditions, all notices required or permitted pursuant to these Conditions shall be sent by registered post, facsimile or otherwise in writing or by an authenticated message through the ►**M11** TARGET2 network service provider ◀. ►**M11** Notices to the ECB shall be submitted to the European Central Bank, Director-General of the ECB's Directorate-General Payment Systems and Market Infrastructure, Sonnemannstrasse 22, 60314 Frankfurt am Main, Germany or to the BIC address of the ECB: ECBFDEFF. ◀ Notices to the participant shall be sent to it at the address, fax number or its ►**M4** BIC ◀ address as the participant may from time to time notify to the ECB.
2. To prove that a notice has been sent, it shall be sufficient to prove that the notice was delivered to the relevant address or that the envelope containing such notice was properly addressed and posted.
3. All notices shall be given in English.
4. Participants shall be bound by all forms and documents of the ECB that the participants have filled in and/or signed, including but not limited to static data collection forms, as referred to in Article 6(2)(a), and information provided under Article 9(5), which were submitted in compliance with paragraphs 1 and 2 and which the ECB reasonably believes to have received from the participants, their employees or agents.

*Article 35***Contractual relationship with ►**M11** TARGET2 network service provider ◀**

1. For the purposes of these Conditions, the ►**M11** TARGET2 network service provider ◀ is SWIFT. Each participant shall enter into a separate agreement with SWIFT regarding the services to be provided by SWIFT in relation to the participant's use of TARGET2-ECB. The legal relationship between a participant and SWIFT shall be exclusively governed by SWIFT's terms and conditions.
2. Each participant shall also participate in a TARGET2 CUG, as specified by the ►**M11** SSP-providing NCBs ◀ acting as the SWIFT service administrator for the SSP. Admission and exclusion of a participant to or from a TARGET2 CUG shall take effect once communicated to SWIFT by the SWIFT service administrator.
3. Participants shall comply with the TARGET2 SWIFT Service Profile, as made available by the ECB.
4. The services to be provided by SWIFT shall not form part of the services to be performed by the ECB in respect of TARGET2.
5. The ECB shall not be liable for any acts, errors or omissions of SWIFT (including its directors, staff and subcontractors) as provider of SWIFT services, or for any acts, errors or omissions of network providers selected by participants to gain access to the SWIFT network.

*Article 36***Amendment procedure**

The ECB may at any time unilaterally amend these Conditions, ►**M11** including the Appendices ◀. Amendments to these Conditions, ►**M11** including the Appendices ◀, shall be announced by means of communication in writing to the participants. Amendments shall be deemed to have been accepted unless the participant expressly objects within 14 days of being informed of such amendments. In the event that a participant objects to the amendment, the ECB is entitled immediately to terminate that participant's participation in TARGET2-ECB and close any of its PM accounts.

▼B*Article 37***Third party rights**

1. Any rights, interests, obligations, responsibilities and claims arising from or relating to these Conditions shall not be transferred, pledged or assigned by participants to any third party without the ECB's written consent.
2. These Conditions do not create any rights in favour of or obligations in relation to any entity other than the ECB and participants in TARGET2-ECB.

*Article 38***Governing law, jurisdiction and place of performance**

1. The bilateral relationship between the ECB and participants in TARGET2-ECB shall be governed by the law of the Federal Republic of Germany.

▼M4

2. Without prejudice to the competence of the Court of Justice of the European Union, any dispute arising from a matter relating to the relationship referred to in paragraph 1 falls under the exclusive competence of the courts of Frankfurt am Main.

▼B

3. The place of performance concerning the legal relationship between the ECB and the participants shall be Frankfurt am Main, Federal Republic of Germany.

*Article 39***Severability**

If any provision in these Conditions is or becomes invalid, this shall not prejudice the applicability of all the other provisions of these Conditions.

*Article 40***Entry into force and binding nature**

1. These Conditions become effective from 19 May 2008, unless the ECB communicates another date of entry into force to the participants.

▼M8

2. By requesting a PM account in TARGET2-ECB, applicant participants automatically agree to these Conditions between themselves and in relation to the ECB.

▼ B*Appendix I***TECHNICAL SPECIFICATIONS FOR THE PROCESSING OF PAYMENT ORDERS**

In addition to the terms and conditions of TARGET2-ECB, the following rules shall apply to the processing of payment orders:

1. Technical requirements for participation in TARGET2-ECB regarding infrastructure, network and formats

- (1) TARGET2 uses SWIFT services for the exchange of messages. Each participant therefore needs a connection to SWIFT's Secure IP Network. Each participant's PM account shall be identified by an eight- or 11-digit SWIFT BIC. Furthermore, each participant shall pass a series of tests to prove its technical and operational competence before it may participate in TARGET2-ECB.
- (2) For the submission of payment orders and the exchange of payment messages in the PM the SWIFTNet FIN Y-copy service shall be used. A dedicated SWIFT Closed User Group (CUG) shall be set up for this purpose. Payment orders within such TARGET2 CUG shall be directly addressed to the receiving TARGET2 participant by entering its BIC in the header of the SWIFTNet FIN message.
- (3) For the information and control services the following SWIFTNet services may be used:
 - (a) SWIFTNet InterAct;
 - (b) SWIFTNet FileAct; and/or
 - (c) SWIFTNet Browse.
- (4) The security of the message exchange between participants shall rely exclusively on SWIFT's Public Key Infrastructure (PKI) service. Information on the PKI service is available in the documentation provided by SWIFT.
- (5) The 'bilateral relationship management' service provided by SWIFT's Relationship Management Application (RMA) shall only be used with the central destination BIC of the SSP and not for payment messages between TARGET2 participants.

2. Payment message types

- (1) The following SWIFTNet FIN/SWIFT system message types are processed:

▼ M2

Message Type	Type of use	Description
MT 103	Mandatory	Customer payment
MT 103+	Mandatory	Customer payment (Straight Through Processing)
MT 202	Mandatory	Bank-to-bank payment
MT 202COV	Mandatory	Cover payment
MT 204	Optional	Direct debit payment
MT 011	Optional	Delivery notification
MT 012	Optional	Sender notification
MT 019	Mandatory	Abort notification
MT 900	Optional	Confirmation of Debit/Credit line change

▼ M12**▼ M2****▼ M4**

▼ M2

Message Type	Type of use	Description
MT 910	Optional	Confirmation of Credit/Credit line change
MT 940/950	Optional	(Customer) Statement Message

▼ M4**▼ B**

- (2) When they register with TARGET2-ECB, direct participants shall declare which optional message types they will use, with the exception of MT 011 and MT 012 messages in relation to which direct participants shall decide from time to time whether or not to receive them with reference to specific messages.
- (3) Participants shall comply with the SWIFT message structure and field specifications, as defined in the SWIFT documentation and under the restrictions set out for TARGET2, as described in Chapter 9.1.2.2 of the User Detailed Functional Specifications (UDFS), Book 1.
- (4) Field contents shall be validated at the level of TARGET2-ECB in accordance with the UDFS requirements. Participants may agree among each other on specific rules regarding the field contents. However, in TARGET2-ECB there shall be no specific checks as to whether participants comply with any such rules.

▼ M2

- (5) MT 202COV messages shall be used for making cover payments, i.e. payments made by correspondent banks to settle (cover) credit transfer messages which are submitted to a customer's bank by other, more direct means. Customer details contained in MT 202COV shall not be displayed in the ICM.

▼ B**3. Double-entry check**

- (1) All payment orders shall pass a double-entry check, the aim of which is to reject payment orders that have been submitted more than once by mistake.
- (2) The following fields of the SWIFT message types shall be checked:

Details	Part of the SWIFT message	Field
Sender	Basic Header	LT Address
Message Type	Application Header	Message Type
Receiver	Application Header	Destination Address
Transaction Reference Number (TRN)	Text Block	:20
Related Reference	Text Block	:21
Value Date	Text Block	:32
Amount	Text Block	:32

- (3) If all the fields described in subparagraph 2 in relation to a newly submitted payment order are identical to those in relation to a payment order that has already been accepted, the newly submitted payment order shall be returned.

4. Error codes

If a payment order is rejected, the instructing participant shall receive an abort notification (MT 019) indicating the reason for the rejection by using error codes. The error codes are defined in Chapter 9.4.2 of the UDFS.

▼B**5. Predetermined settlement times**

- (1) For payment orders using the Earliest Debit Time Indicator, the codeword ‘/FROTIME/’ shall be used.
- (2) For payment orders using the Latest Debit Time Indicator, two options shall be available.
 - (a) Codeword ‘/REJTIME/’: if the payment order cannot be settled by the indicated debit time, the payment order shall be returned.
 - (b) Codeword ‘/TILTIME/’: if the payment order cannot be settled by the indicated debit time, the payment order shall not be returned but shall be kept in the relevant queue.

Under both options, if a payment order with a Latest Debit Time Indicator is not settled 15 minutes prior to the time indicated therein, a notification shall automatically be sent via the ICM.

- (3) If the codeword ‘/CLSTIME/’ is used, the payment shall be treated in the same way as a payment order referred to in subparagraph 2(b).

6. Settlement of payment orders in the entry disposition

- (1) Offsetting checks and, if appropriate, extended offsetting checks (both terms as defined in paragraphs 2 and 3) shall be carried out on payment orders entered into the entry disposition to provide quick, liquidity-saving gross settlement of payment orders.
- (2) An offsetting check shall determine whether the payee’s payment orders that are at the front of the highly urgent or, if inapplicable, the urgent queue are available to be offset against the payer’s payment order (hereinafter ‘offsetting payment orders’). If an offsetting payment order does not provide sufficient funds for the respective payer’s payment order in the entry disposition, it shall be determined whether there is sufficient available liquidity on the payer’s PM account.
- (3) If the offsetting check fails, the ECB may apply an extended offsetting check. An extended offsetting check determines whether offsetting payment orders are available in any of the payee’s queues regardless of when they joined the queue. However, if in the queue of the payee there are higher priority payment orders addressed to other TARGET2 participants, the FIFO principle may only be breached if settling such an offsetting payment order would result in a liquidity increase for the payee.

7. Settlement of payment orders in the queue

- (1) The treatment of payment orders placed in queues depends on the priority class to which it was designated by the instructing participant.
- (2) Payment orders in the highly urgent and urgent queues shall be settled by using the offsetting checks described in paragraph 6, starting with the payment order at the front of the queue in cases where there is an increase in liquidity or there is an intervention at queue level (change of queue position, settlement time or priority, or revocation of the payment order).
- (3) Payments orders in the normal queue shall be settled on a continuous basis including all highly urgent and urgent payment orders that have not yet been settled. Different optimisation mechanisms (algorithms) are used. If an algorithm is successful, the included payment orders will be settled; if an algorithm fails, the included payment orders will remain in the queue. Three algorithms (1 to 3) shall be applied to offset payment flows. By means of Algorithm 4, settlement procedure 5 (as defined in Chapter 2.8.1 of the UDFS) shall be available for the settlement of payment instructions of ancillary systems. To optimise the settlement of highly urgent ancillary system transactions on participants’ sub-accounts, a special algorithm (Algorithm 5) shall be used.

▼B

- (a) Under Algorithm 1 ('all-or-nothing') the ECB shall, both for each relationship in respect of which a bilateral limit has been set and also for the total sum of relationships for which a multilateral limit has been set:

- (i) calculate the overall liquidity position of each TARGET2 participant's PM account by establishing whether the aggregate of all outgoing and incoming payment orders pending in the queue is negative or positive and, if it is negative, check whether it exceeds that participant's available liquidity (the overall liquidity position shall constitute the 'total liquidity position'); and
- (ii) check whether limits and reservations set by each TARGET2 participant in relation to each relevant PM account are respected.

If the outcome of these calculations and checks is positive for each relevant PM account, the ECB and other CBs involved shall settle all payments simultaneously on the PM accounts of the TARGET2 participants concerned.

- (b) Under Algorithm 2 ('partial') the ECB shall:

- (i) calculate and check the liquidity positions, limits and reservations of each relevant PM account as under Algorithm 1; and
- (ii) if the total liquidity position of one or more relevant PM accounts is negative, extract single payment orders until the total liquidity position of each relevant PM account is positive.

Thereafter, the ECB and the other CBs involved shall, provided there are sufficient funds, settle all remaining payments (except the extracted payment orders) simultaneously on the PM accounts of the TARGET2 participants concerned.

When extracting payment orders, the ECB shall start from the TARGET2 participant's PM account with the highest negative total liquidity position and from the payment order at the end of the queue with the lowest priority. The selection process shall only run for a short time, to be determined by the ECB at its discretion.

- (c) Under Algorithm 3 ('multiple') the ECB shall:

- (i) compare pairs of TARGET2 participants' PM accounts to determine whether queued payment orders can be settled within the available liquidity of the two TARGET2 participants' PM accounts concerned and within the limits set by them (by starting from the pair of PM accounts with the smallest difference between the payment orders addressed to each other), and the CB(s) involved shall book those payments simultaneously on the two TARGET2 participants' PM accounts; and
- (ii) if, in relation to a pair of PM accounts as described under point (i), liquidity is insufficient to fund the bilateral position, extract single payment orders until there is sufficient liquidity. In this case the CB(s) involved shall settle the remaining payments, except the extracted ones, simultaneously on the two TARGET2 participants' PM accounts.

After performing the checks specified under subparagraphs (i) to (ii), the ECB shall check the multilateral settlement positions (between a participant's PM account and other TARGET2 participants' PM accounts in relation to which a multilateral limit has been set). For this purpose, the procedure described under subparagraphs (i) to (ii) shall apply *mutatis mutandis*.

- (d) Under Algorithm 4 ('partial plus ancillary system settlement') the ECB shall follow the same procedure as for Algorithm 2, but without extracting payment orders in relation to the settlement of an ancillary system (which settles on a simultaneous multilateral basis).

▼B

- (e) Under Algorithm 5 ('ancillary system settlement via sub-accounts') the ECB shall follow the same procedure as for Algorithm 1, subject to the modification that the ECB shall start Algorithm 5 via the Ancillary System Interface and shall only check whether sufficient funds are available on participants' sub-accounts. Moreover, no limits and reservations shall be taken into account. Algorithm 5 shall also run during night-time settlement.
- (4) Payment orders entered into the entry disposition after the start of any of algorithms 1 to 4 may nevertheless be settled immediately in the entry disposition if the positions and limits of the TARGET2 participants' PM accounts concerned are compatible with both the settlement of these payment orders and the settlement of payment orders in the current optimisation procedure. However, two algorithms shall not run simultaneously.
- (5) During daytime processing the algorithms shall run sequentially. As long as there is no pending simultaneous multilateral settlement of an ancillary system, the sequence shall be as follows:
 - (a) algorithm 1,
 - (b) if algorithm 1 fails, then algorithm 2,
 - (c) if algorithm 2 fails, then algorithm 3, or if algorithm 2 succeeds, repeat algorithm 1.

When simultaneous multilateral settlement ('procedure 5') in relation to an ancillary system is pending, Algorithm 4 shall run.

- (6) The algorithms shall run flexibly by setting a pre-defined time lag between the application of different algorithms to ensure a minimum interval between the running of two algorithms. The time sequence shall be automatically controlled. Manual intervention shall be possible.
- (7) While included in a running algorithm, a payment order shall not be reordered (change of the position in a queue) or revoked. Requests for reordering or revocation of a payment order shall be queued until the algorithm is complete. If the payment order concerned is settled while the algorithm is running, any request to reorder or revoke shall be rejected. If the payment order is not settled, the participant's requests shall be taken into account immediately.

8. Use of the ICM

- (1) The ICM may be used for obtaining information and managing liquidity. SWIFT's Secure IP Network (SIPN) shall be the underlying technical communications network for exchanging information and running control measures.
- (2) With the exception of warehoused payment orders and static data information, only data in relation to the current business day shall be available via the ICM. The screens shall be offered in English only.
- (3) Information shall be provided in 'pull' mode, which means that each participant has to ask to be provided with information.
- (4) The following modes shall be available for using the ICM:

- (a) *Application-to-application mode (A2A)*

In A2A, information and messages are transferred between the PM and the participant's internal application. The participant therefore has to ensure that an appropriate application is available for the exchange of XML messages (requests and responses) with the ICM via a standardised interface. Further details are contained in the ICM User Handbook and in Book 4 of the UDFS.

▼ M2(b) *User-to-application mode (U2A)*

U2A permits direct communication between a participant and the ICM. The information is displayed in a browser running on a PC system (SWIFT Alliance WebStation or another interface, as may be required by SWIFT). For U2A access the IT infrastructure has to be able to support cookies and JavaScript. Further details are described in the ICM User Handbook.

- (5) Each participant shall have at least one SWIFT Alliance WebStation, or another interface, as may be required by SWIFT, to have access to the ICM via U2A.

▼ B

- (6) Access rights to the ICM shall be granted by using SWIFT's 'Role Based Access Control'. The SWIFT 'Non Repudiation of Emission' (NRE) service, which may be used by participants, allows the recipient of an XML message to prove that such message has not been altered.

- (7) ► **M12** If a participant has technical problems and is unable to submit any payment order, it may generate preformatted backup liquidity redistribution and backup contingency payments by using the ICM. The ECB shall open such functionality upon request of the participant. ◀

- (8) Participants may also use the ICM to transfer liquidity:

- (a) from their PM account to their account outside the PM;
- (b) between the PM account and the participant's sub-accounts;

▼ M11

- (c) from the PM account to the technical account managed by the ancillary system using settlement procedure 6 real-time;
- (d) by means of a PM to T2S DCA liquidity transfer order or, when the ICM is used in combination with the T2S value added services, a T2S DCA to PM liquidity transfer order; and
- (e) by means of a PM to TIPS DCA liquidity transfer order or a TIPS DCA to PM liquidity transfer order.

▼ B**9. The UDFS and the ICM User Handbook**

Further details and examples explaining the above rules are contained in the UDFS and the ICM User Handbook, as amended from time to time and published on the ECB's website in English.

▼B*Appendix II***TARGET2 COMPENSATION SCHEME****1. General principles**

- (a) If there is a technical malfunction of TARGET2, direct participants may submit claims for compensation in accordance with the TARGET2 compensation scheme laid down in this Appendix.
- (b) Unless otherwise decided by the ECB's Governing Council, the TARGET2 compensation scheme shall not apply if the technical malfunction of TARGET2 arises out of external events beyond the reasonable control of the CBs concerned or as a result of acts or omissions by third parties.
- (c) Compensation under the TARGET2 compensation scheme shall be the only compensation procedure offered in the event of a technical malfunction of TARGET2. Participants may, however, use other legal means to claim for losses. If a participant accepts a compensation offer under the TARGET2 compensation scheme, this shall constitute the participant's irrevocable agreement that it thereby waives all claims in relation to the payment orders concerning which it accepts compensation (including any claims for consequential loss) it may have against any CB, and that the receipt by it of the corresponding compensation payment constitutes full and final settlement of all such claims. The participant shall indemnify the CBs concerned, up to a maximum of the amount received under the TARGET2 compensation scheme, in respect of any further claims which are raised by any other participant or any other third party in relation to the payment order or payment concerned.
- (d) The making of a compensation offer shall not constitute an admission of liability by the ECB or any other CB in respect of a technical malfunction of TARGET2.

2. Conditions for compensation offers**▼M2**

- (a) A payer may submit a claim for an administration fee and interest compensation if, due to a technical malfunction of TARGET2, a payment order was not settled on the business day on which it was accepted;

▼B

- (b) A payee may submit a claim for an administration fee if due to a technical malfunction of TARGET2 it did not receive a payment that it was expecting to receive on a particular business day. The payee may also submit a claim for interest compensation if one or more of the following conditions are met:
 - (i) in the case of participants that have access to the marginal lending facility: due to a technical malfunction of TARGET2, a payee had recourse to the marginal lending facility; and/or
 - (ii) in the case of all participants: it was technically impossible to have recourse to the money market or such refinancing was impossible on other, objectively reasonable grounds.

3. Calculation of compensation

- (a) With respect to a compensation offer for a payer:
 - (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payee;

▼ M9

- (ii) interest compensation shall be determined by applying a reference rate to be fixed from day to day. This reference rate shall be the lower of the euro overnight index average (EONIA) rate and the marginal lending rate. The reference rate shall be applied to the amount of the payment order not settled as a result of the technical malfunction of TARGET2 for each day in the period from the date of the actual or, in relation to payment orders referred to in paragraph 2(b)(ii), intended submission of the payment order until the date on which the payment order was or could have been successfully settled. Any interest or charges resulting from the placing of any non-settled payment orders on deposit with the Eurosystem shall be deducted from, or charged to, the amount of any compensation, as the case may be; and

▼ B

- (iii) no interest compensation shall be payable if and in so far as funds resulting from non-settled payment orders were placed in the market or used to fulfil minimum reserve requirements.
- (b) With respect to a compensation offer for a payee:
- (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payer;
 - (ii) the method set out in subparagraph (a)(ii) for calculating interest compensation shall apply except that interest compensation shall be payable at a rate equal to the difference between the marginal lending rate and the reference rate, and shall be calculated on the amount of any recourse to the marginal lending facility occurring as a result of the technical malfunction of TARGET2.

4. Procedural rules

- (a) A claim for compensation shall be submitted on the claim form available on the website of the ECB in English (see www.ecb.int). Payers shall submit a separate claim form in respect of each payee and payees shall submit a separate claim form in respect of each payer. Sufficient additional information and documents shall be provided to support the information indicated in the claim form. Only one claim may be submitted in relation to a specific payment or payment order.
- (b) Within four weeks of a technical malfunction of TARGET2, participants shall submit their claim form(s) to the ECB. Any additional information and evidence requested by the ECB shall be supplied within two weeks of such request being made.
- (c) Unless otherwise decided by the ECB's Governing Council and communicated to the participants, all received claims shall be assessed no later than 14 weeks after the technical malfunction of TARGET2 occurs.
- (d) The ECB shall communicate the result of the assessment referred to in subparagraph (c) to the relevant participants. If the assessment entails a compensation offer, the participants concerned shall, within four weeks of the communication of such offer, either accept or reject it, in respect of each payment or payment order comprised within each claim, by signing a standard letter of acceptance (in the form available on the website of the ECB (see www.ecb.int)). If such letter has not been received by the ECB within four weeks, the participants concerned shall be deemed to have rejected the compensation offer.
- (e) The ECB shall make compensation payments on receipt of a participant's letter of acceptance of compensation. No interest shall be payable on any compensation payment.

[location], [date]

Dear Sir or Madam,

We have been asked as [external] legal advisers to [specify name of Participant or branch of Participant] (the Participant) in respect of issues arising under the laws of [jurisdiction in which the Participant is established; hereinafter the ‘jurisdiction’] to provide this Opinion under the laws of [jurisdiction] in connection with the participation of the Participant in a system which is a component of TARGET2 (hereinafter the ‘System’). References herein to the laws of [jurisdiction] include all applicable regulations of [jurisdiction]. We express an opinion herein under the law of [jurisdiction], with particular regard to the Participant established outside the Federal Republic of Germany in relation to rights and obligations arising from participation in the System, as presented in the System Documents defined below.

This Opinion is confined to the laws of [jurisdiction] as they exist on the date of this Opinion. We have made no investigation of the laws of any other jurisdiction as a basis for this Opinion, and do not express or imply any opinion in this regard. We have assumed that there is nothing in the laws of another jurisdiction which affects this Opinion.

1. DOCUMENTS EXAMINED

For the purposes of this Opinion, we have examined the documents listed below and such other documents as we have deemed necessary or appropriate:

- (1) the terms and conditions of TARGET2-ECB dated [insert date] (hereinafter the ‘Rules’); and
- (2) any other document governing the System and/or the relationship between the Participant and other participants in the System, and between the participants in the System and the ECB.

The Rules and the [...] shall be referred to hereinafter as the ‘System Documents’.

2. ASSUMPTIONS

For the purposes of this Opinion we have assumed in relation to the System Documents that:

- (1) the System Documents are within the capacity and power of and have been validly authorised, adopted or executed and, where necessary, delivered by the relevant parties;
- (2) the terms of the System Documents and the rights and obligations created by them are valid and legally binding under the laws of the Federal Republic of Germany, by which they are expressed to be governed, and the choice of the laws of the Federal Republic of Germany to govern the System Documents is recognised by the laws of the Federal Republic of Germany;

▼B

- (3) the participants in the System through which any payment orders are sent or payments are received, or through which any rights or obligations under the System Documents are executed or performed, are licensed to provide funds transfer services, in all relevant jurisdictions; and
- (4) the documents submitted to us in copy or as specimens conform to the originals.

3. OPINION

Based on and subject to the foregoing, and subject in each case to the points set out below, we are of the opinion that:

3.1. *Country-specific legal aspects [to the extent applicable]*

The following characteristics of the legislation of [jurisdiction] are consistent with and in no way set aside the obligations of the Participant arising out of the System Documents: [list of country-specific legal aspects].

▼M12**3.2. *General insolvency and crisis management issues*****3.2.a. *Types of insolvency and crisis management proceedings***

The only types of insolvency proceedings (including composition or rehabilitation) which, for the purpose of this Opinion, shall include all proceedings in respect of the Participant's assets or any branch it may have in [jurisdiction] to which the Participant may become subject in [jurisdiction], are the following: [list proceedings in original language and English translation] (together collectively referred to as 'Insolvency Proceedings').

In addition to Insolvency Proceedings, the Participant, any of its assets, or any branch it may have in [jurisdiction] may become subject in [jurisdiction] to [list any applicable moratorium, receivership, or any other proceedings as a result of which payments to and/or from the Participant may be suspended, or limitations can be imposed in relation to such payments, or similar proceedings, including crisis prevention and crisis management measures equivalent to those defined in Directive 2014/59/EU, in original language and English translation] (hereinafter collectively referred to as 'Proceedings').

3.2.b. *Insolvency treaties*

[jurisdiction] or certain political subdivisions within [jurisdiction], as specified, is/are party to the following insolvency treaties: [specify, if applicable which have or may have an impact on this Opinion].

▼B**3.3. *Enforceability of System Documents***

Subject to the points set out below, all provisions of the System Documents will be binding and enforceable in accordance with their terms under the laws of [jurisdiction], in particular in the event of the opening of any Insolvency Proceedings or Proceedings with respect to the Participant.

In particular, we are of the opinion that:

3.3.a *Processing of payment orders*

The provisions on processing of payment orders [list of sections] of the Rules are valid and enforceable. In particular, all payment orders processed pursuant to such sections will be valid, binding and will be enforceable under the laws of [jurisdiction]. The provision of the Rules which specifies the precise point in time at which payment orders submitted by the Participant to the System become enforceable and irrevocable (Article 20 of the Rules) is valid, binding and enforceable under the laws of [jurisdiction].

▼B**3.3.b Authority of the ECB to perform its functions**

The opening of Insolvency Proceedings or Proceedings in respect of the Participant will not affect the authority and powers of the ECB arising out of the System Documents. [Specify [to the extent applicable] that: the same opinion is also applicable in respect of any other entity which provides the Participants with services directly and necessarily required for participating in the System (e.g. ►**M11** TARGET2 network service provider ◄)].

3.3.c Remedies in the event of default

[Where applicable to the Participant, the provisions contained in Article 30 of the Rules regarding accelerated performance of claims which have not yet matured, the set-off of claims for using the deposits of the Participant, the enforcement of a pledge, suspension and termination of participation, claims for default interest, and termination of agreements and transactions (Articles 27-31 of the Rules) are valid and enforceable under the laws of [jurisdiction].]

3.3.d Suspension and termination

Where applicable to the Participant, the provisions contained in Articles 27 and 28 of the Rules (in respect of suspension and termination of the Participant's participation in the System on the opening of Insolvency Proceedings or Proceedings or other events of default, as defined in the System Documents, or if the Participant represents any kind of systemic risk or has serious operational problems) are valid and enforceable under the laws of [jurisdiction].

3.3.e Assignment of rights and obligations

The rights and obligations of the Participant cannot be assigned, altered or otherwise transferred by the Participant to third parties without the prior written consent of the ECB.

3.3.f Choice of governing law and jurisdiction

The provisions contained in Articles 34 and 38 of the Rules, and in particular in respect of the governing law, the resolution of a dispute, competent courts, and service of process are valid and enforceable under the laws of [jurisdiction].

3.4. Voidable preferences

We are of the opinion that no obligation arising out of the System Documents, the performance thereof, or compliance therewith prior to the opening of any Insolvency Proceedings or Proceedings in respect of the Participant may be set aside in any such proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

In particular, and without limitation to the foregoing, we express this opinion in respect of any payment orders submitted by any participant in the System. In particular, we are of the opinion that the provisions of Article 20 of the Rules establishing the enforceability and irrevocability of payment orders will be valid and enforceable and that a payment order submitted by any participant and processed pursuant to Title IV of the Rules may not be set aside in any Insolvency Proceedings or Proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

▼B**3.5. *Attachment***

If a creditor of the Participant seeks an attachment order (including any freezing order, order for seizure or any other public or private law procedure that is intended to protect the public interest or the rights of the Participant's creditors) — hereinafter referred to as an 'Attachment' — under the laws of [jurisdiction] from a court or governmental, judicial or public authority that is competent in [jurisdiction], we are of the opinion that [insert the analysis and discussion].

3.6. *Collateral [if applicable]***▼M2****3.6.a *Assignment of rights or deposit of assets for collateral purposes, pledge and/or repo***

Assignments for collateral purposes will be valid and enforceable under the laws of [jurisdiction]. Specifically, the creation and enforcement of a pledge or repo under the Rules will be valid and enforceable under the laws of [jurisdiction].

▼B**3.6.b *Priority of assignees', pledgees' or repo purchasers' interest over that of other claimants***

In the event of Insolvency Proceedings or Proceedings in respect of the Participant, the rights or assets assigned for collateral purposes, or pledged by the Participant in favour of the ECB or other participants in the System, will rank in priority of payment above the claims of all other creditors of the Participant and will not be subject to priority or preferential creditors.

3.6.c *Enforcing title to security*

Even in the event of Insolvency Proceedings or Proceedings in respect of the Participant, other participants in the System and the ECB as pledgees will still be free to enforce and collect the Participant's rights or assets through the action of the ECB pursuant to the Rules.

3.6.d *Form and registration requirements*

There are no form requirements for the assignment for collateral purposes of, or the creation and enforcement of a pledge or repo over the Participant's rights or assets and it is not necessary for the assignment for collateral purposes, pledge or repo, as applicable, or any particulars of such assignment, pledge or repo, as applicable, to be registered or filed with any court or governmental, judicial or public authority that is competent in [jurisdiction].

3.7. *Branches [to the extent applicable]***3.7.a *Opinion applies to action through branches***

Each of the statements and opinions presented above with regard to the Participant applies with equal accuracy and validity under the laws of [jurisdiction] in situations where the Participant acts through its one or more of its branches established outside [jurisdiction].

3.7.b *Conformity with law*

Neither the execution and performance of the rights and obligations under the System Documents nor the submission, transmission or receipt of payment orders by a branch of the Participant will in any respect breach the laws of [jurisdiction].

▼B*3.7.c Required authorisations*

Neither the execution and performance of the rights and obligations under the System Documents nor the submission, transmission or receipt of payment orders by a branch of a Participant will require any additional authorisations, approvals, consents, filings, registrations, notarisations or other certifications of or with any court or governmental, judicial or public authority that is competent in [jurisdiction].

This Opinion is stated as of its date and is addressed solely to the ECB and the [Participant]. No other persons may rely on this Opinion, and the contents of this Opinion may not be disclosed to persons other than its intended recipients and their legal counsel without our prior written consent, with the exception of the national central banks of the European System of Central Banks [and [the national central bank/relevant regulatory authorities] of [jurisdiction]].

Yours faithfully,

▼B*Appendix IV***BUSINESS CONTINUITY AND CONTINGENCY PROCEDURE****1. General provisions**

- (a) This Appendix sets out the arrangements between the ECB and participants, or ancillary systems, if one or more components of the SSP or the telecommunications network fail or are affected by an abnormal external event, or if the failure affects any participant or ancillary system.

▼M2

- (b) All references to specific times in this Appendix are to the local time at the seat of the ECB, i.e. Central European Time (CET) ⁽¹⁾.

▼B**2. Measures of business continuity and contingency processing**

- (a) In the event that an abnormal external event occurs and/or there is a failure of the SSP or the telecommunications network which affects the normal operation of TARGET2, the ECB shall be entitled to adopt business continuity and contingency processing measures.
- (b) The following main business continuity and contingency processing measures shall be available in TARGET2:
 - (i) relocating the operation of the SSP to an alternative site;
 - (ii) changing the SSP's operating hours; and
 - (iii) initiating contingency processing of very critical and critical payments, as defined in paragraph 6(c) and (d) respectively.
- (c) In relation to business continuity and contingency processing measures, the ECB shall have full discretion regarding whether and which measures are adopted to settle payment orders.

3. Incident communication

- (a) Information about the failure of the SSP and/or an abnormal external event shall be communicated to participants through the domestic communication channels, the ICM and T2IS. In particular, communications to participants shall include the following information:
 - (i) a description of the event;
 - (ii) the anticipated delay in processing (if known);
 - (iii) information on the measures already taken; and
 - (iv) the advice to participants.
- (b) In addition, the ECB may notify participants of any other existing or anticipated event which has the potential to affect the normal operation of TARGET2.

4. Relocation the operation of the SSP to an alternative site

- (a) In the event that any of the events referred to in paragraph 2(a) occurs, the operation of the SSP may be relocated to an alternative site, either within the same region or in another region.

▼M9

- (b) In the event that the operation of the SSP or the T2S Platform, as referred to in Annex II, is relocated from one region (Region 1) to another region (Region 2), the participants shall endeavour to reconcile their positions up to the point of the failure or the occurrence of the abnormal external events and provide to the ECB all relevant information in this respect.
- (c) Where a ►**M11** PM to T2S DCA liquidity transfer order ◀ is debited on the participant's PM account on the SSP in Region 1, but, after reconciliation, is not shown as debited on the SSP in Region 2, the CB responsible for the participant shall debit the participant's PM account in Region 2 to return the participant's PM account balance to the level it had prior to the relocation.

⁽¹⁾ CET takes into account the change to Central European Summer Time.

▼B**5. Change of operating hours**

- (a) The daytime processing of TARGET2 may be extended or the opening time of a new business day may be delayed. During any extended operating time of TARGET2, payment orders shall be processed in accordance with the terms and conditions of TARGET2-ECB, subject to the modifications contained in this Appendix.
- (b) Daytime processing may be extended and the closing time thereby delayed if an SSP failure has occurred during the day but has been resolved before 18.00. Such a closing time delay shall in normal circumstances not exceed two hours and shall be announced as early as possible to participants. If such a delay is announced before 16.50, the minimum period of one hour between the cut-off time for customer and interbank payment orders shall remain in place. Once such a delay is announced it may not be withdrawn.
- (c) The closing time shall be delayed in cases where an SSP failure has occurred before 18:00 and has not been resolved by 18.00. The ECB shall immediately communicate the delay of closing time to participants.
- (d) Upon recovery of the SSP, the following steps shall take place:
 - (i) The ECB shall seek to settle all queued payments within one hour; this time is reduced to 30 minutes in the event that the SSP failure occurs at 17.30 or later (in cases where the SSP failure was ongoing at 18.00).
 - (ii) Participants' final balances shall be established within one hour; this time shall be reduced to 30 minutes in the event that the SSP failure occurs at 17.30 or later, in cases where the SSP failure was ongoing at 18.00.
 - (iii) At the cut-off time for interbank payments, the end-of-day processing, including recourse to the Eurosystem standing facilities shall take place.
- (e) Ancillary systems that require liquidity in the early morning need to have established means to cope with cases where the daytime processing cannot be started in time due to an SSP failure on the previous day.

6. Contingency processing**▼M12**

- (a) If the ECB deems it necessary to do so, it shall initiate the contingency processing of payment orders using the Contingency Solution of the SSP. In such cases, only a minimum service level shall be provided to participants. The ECB shall inform its participants of the start of contingency processing by any available means of communication.
- (b) In contingency processing, payment orders shall be submitted by the participants and authorised by the ECB. In addition, the participants may submit files containing payment instructions, which may be uploaded into the Contingency Solution by the ECB.

▼B

- (c) The following payments shall be considered as 'very critical' and the ECB shall use best efforts to process them in contingency situations:

▼M11

- (i) CLS Bank International-related payments, with the exception of payments related to the CLS CCP service and, at the discretion of the Governing Council, the CLSNow service;

▼B

- (ii) end-of-day settlement of EURO1; and
- (iii) central counterparty margin calls.

▼M12

- (d) Payments required to avoid systemic risk shall be considered as 'critical' and the ECB may decide to initiate contingency processing in relation to them.
- (e) Participants shall submit payment orders for contingency processing directly into the Contingency Solution and information to payees shall be provided through encrypted and authenticated email, as well as via authenticated fax. Participants shall submit files which contain payment instructions to the ECB for uploading into the Contingency Solution and

▼ M12

which authorise the ECB to do so. The ECB may, exceptionally, also manually input payments on behalf of participants. Information concerning account balances and debit and credit entries may be obtained via the ECB.

▼ B

- (f) Payment orders that have already been submitted to TARGET2-ECB, but are queued, may also undergo contingency processing. In such cases the ECB shall endeavour to avoid the double processing of payment orders, but the participants shall bear the risk of such double processing if it occurred.
- (g) For contingency processing of payment orders, participants shall provide additional collateral. During contingency processing, incoming contingency payments may be used to fund outgoing contingency payments. For the purposes of contingency processing, participants' available liquidity may not be taken into account by the ECB.

7. Failures linked to participants or ancillary systems**▼ M12**

- (a) In the event that a participant has a problem that prevents it from settling payments in TARGET2 it shall be its responsibility to resolve the problem. In particular, a participant may use in-house solutions or the ICM functionality, i.e. backup liquidity redistribution and backup contingency payments (e.g. CLS, EURO1).
- (b) If a participant decides to use the ICM functionality for making backup liquidity redistribution, the ECB shall, if the participant so requests, open this functionality via the ICM. If the participant so requests, the ECB shall transmit an ICM broadcast message to inform other participants about the participant's use of backup liquidity redistribution. The participant shall be responsible for sending such backup liquidity redistribution exclusively to other participants with which it has bilaterally agreed on the use of such payments and for any further steps in relation to such payments.

▼ B

- (c) If the measures referred to in subparagraph (a) are exhausted or if they are inefficient, the participant may request support from the ECB.
- (d) In the event that a failure affects an ancillary system, that ancillary system shall be responsible for resolving the failure. If the ancillary system so requests, the ECB may act on its behalf. The ECB shall have discretion to decide what support it gives to the ancillary system, including during the night-time operations of the ancillary system. The following contingency measures may be taken:
 - (i) the ancillary system initiates clean payments (i.e. payments that are not linked to the underlying transaction) via the Participant Interface;
 - (ii) the ECB creates and/or processes XML instructions/files on behalf of the ancillary system; and/or
 - (iii) the ECB makes clean payments on behalf of the ancillary system.
- (e) The detailed contingency measures with respect to ancillary systems shall be contained in the bilateral arrangements between the ECB and the relevant ancillary system.

8. Other provisions

- (a) In the event that certain data are unavailable because one of the events referred to in paragraph 3(a) has occurred, the ECB is entitled to start or continue processing payment orders and/or operate TARGET2-ECB on the basis of the last available data, as determined by the ECB. If so requested by the ECB, participants and ancillary systems shall resubmit their FileAct/Interact messages or take any other action deemed appropriate by the ECB.

▼ M10

- (b) In the event of a failure of the ECB, some or all of its technical functions in relation to TARGET2-ECB may be performed by other Eurosystem CBs or ► **M11** the operational team of the SSP ◄.

▼ M9

- (c) The ECB may require that the participants participate in regular or ad hoc testing of business continuity and contingency processing measures, training or any other preventative arrangements, as deemed necessary by the ECB. Any costs incurred by the participants as a result of such testing or other arrangements shall be borne solely by the participants.

7. In performing some or all of its obligations under these Conditions, the ECB may commission third parties in its own name, particularly telecommunications or other network providers or other entities, if this is necessary to meet the ECB's obligations or is standard market practice. (1) All liquidity transfer orders shall pass a double-entry check, the aim of which is to reject liquidity transfer orders that have been submitted more than once.

(2) The following parameters shall be checked:

— Order Reference (End to End Id);

▼M8

- Debit and Credit Account (►**M11** T2S DCA ◀ or PM account); and
- instructed Amount.

- (3) If all the fields described in point (2) in a newly submitted liquidity transfer order are identical to those in a liquidity transfer order which has been accepted but not yet settled or a liquidity transfer order that has been settled within the past three business days, the newly submitted liquidity transfer order shall be rejected.

4. Error codes

If a liquidity transfer order is rejected on grounds of non-compliance with the fields in paragraph 3(2), the ►**M11** T2S DCA holder ◀ shall receive a status advice message [camt.025], as described in Chapter 4.1 of the T2S UDFS.

5. Settlement triggers

- (1) For immediate liquidity transfer orders, no specific XML tag is required;
- (2) Predefined liquidity transfer orders and standing liquidity transfer orders may be triggered by a specific time or event on the day of settlement:
- for settlement at a specific time, the XML tag ‘Time/(ExctnTp/Tm/)’ shall be used;
 - for settlement upon occurrence of a specific event, the XML tag ‘(EventType/ExctnTp/Evt/)’ shall be used.

6. Settlement of liquidity transfer orders

Liquidity transfer orders are not recycled, queued or offset.

The different statuses for liquidity transfer orders are described in Chapter 1.6.4 of the T2S UDFS.

7. Use of the U2A and A2A mode

- (1) The U2A and A2A modes may be used for obtaining information and managing liquidity. The T2S network service providers' networks shall be the underlying technical communications networks for exchanging information and running control measures. The following modes shall be available for use by ►**M11** T2S DCA holders ◀:

(a) Application-to-application mode (A2A)

In A2A, information and messages are transferred between the T2S Platform and the ►**M11** T2S DCA holder's ◀ internal application. The ►**M11** T2S DCA holder ◀ therefore has to ensure that an appropriate application is available for the exchange of XML messages (requests and responses).

(b) User-to-application mode (U2A)

U2A permits direct communication between a ►**M11** T2S DCA holder ◀ and the T2S GUI. The information is displayed in a browser running on a PC system. For U2A access the IT infrastructure has to be able to support cookies and JavaScript. Further details are described in the T2S User Handbook.

- (2) Static data shall be available to view in U2A mode. The screens shall be offered in English only.
- (3) Information shall be provided in ‘pull’ mode, which means that each ►**M11** T2S DCA holder ◀ has to ask to be provided with information.
- (4) Access rights to the U2A and A2A mode shall be granted by using T2S GUI.

▼M8

- (5) The 'Non Repudiation of Origin' (NRO) signature allows the recipient of a message to prove that such message has been issued and has not been altered.
- (6) If a ►**M11** T2S DCA holder ◀ has technical problems and is unable to submit any liquidity transfer order, it may contact its central bank which will on a best efforts basis act on behalf of the ►**M11** T2S DCA holder ◀.

8. Relevant documentation

Further details and examples explaining the above rules are contained in the T2S UDFS and the T2S User Handbook, as amended from time to time and published on the ECB's website in English.

▼ **M8***Appendix II***TARGET2 COMPENSATION SCHEME IN RELATION TO THE
OPENING AND THE OPERATION OF THE ►M11 T2S DCA ◄****1. General principles**

- (a) If there is a technical malfunction of TARGET2, ►M11 T2S DCA holders ◄ may submit claims for compensation in accordance with the TARGET2 compensation scheme laid down in this Appendix.
- (b) Unless otherwise decided by the ECB's Governing Council, the TARGET2 compensation scheme shall not apply if the technical malfunction of TARGET2 arises out of external events beyond the reasonable control of the CBs concerned or as a result of acts or omissions by third parties.
- (c) Compensation under the TARGET2 compensation scheme shall be the only compensation procedure offered in the event of a technical malfunction of the TARGET2. ►M11 T2S DCA holders ◄ may, however, use other legal means to claim for losses. If a ►M11 T2S DCA holder ◄ accepts a compensation offer under the TARGET2 compensation scheme, this shall constitute the ►M11 T2S DCA holder's ◄ irrevocable agreement that it thereby waives all claims in relation to the payment orders concerning which it accepts compensation (including any claims for consequential loss) it may have against any CB, and that the receipt by it of the corresponding compensation payment constitutes full and final settlement of all such claims. The ►M11 T2S DCA holder ◄ shall indemnify the CBs concerned, up to a maximum of the amount received under the TARGET2 compensation scheme, in respect of any further claims which are raised by any other participant or any other third party in relation to the payment order or payment concerned.
- (d) The making of a compensation offer shall not constitute an admission of liability by the ECB or any other CB in respect of a technical malfunction of the TARGET2.

2. Conditions for compensation offers

- (a) A payer may submit a claim for an administration fee and interest compensation if, due to a technical malfunction of TARGET2, a liquidity transfer order was not settled on the business day on which it was accepted.
- (b) A payee may submit a claim for an administration fee if, due to a technical malfunction of TARGET2, it did not receive a payment that it was expecting to receive on a particular business day. The payee may also submit a claim for interest compensation if one or more of the following conditions are met:
 - (i) in the case of participants that have access to the marginal lending facility: due to a technical malfunction of TARGET2, a payee had recourse to the marginal lending facility; and/or
 - (ii) in the case of all participants: it was technically impossible to have recourse to the money market or such refinancing was impossible on other, objectively reasonable grounds.

3. Calculation of compensation

- (a) With respect to a compensation offer for a payer:
 - (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payee;
 - (ii) interest compensation shall be determined by applying a reference rate to be fixed from day to day. This reference rate shall be the lower of the euro overnight index average (EONIA) rate and the marginal lending rate. The reference rate shall be applied to the amount of the payment order not settled as a result of the technical malfunction of TARGET2 for each day in the period from the date of the actual or, in relation to payment orders referred to in paragraph

▼ **M9**

▼ **M9**

2(b)(ii), intended submission of the payment order until the date on which the payment order was or could have been successfully settled. Any interest or charges resulting from the placing of any non-settled payment orders on deposit with the Eurosystem shall be deducted from, or charged to, the amount of any compensation, as the case may be; and

▼ **M8**

(iii) no interest compensation shall be payable if and in so far as funds resulting from non-settled payment orders were placed in the market or used to fulfil minimum reserve requirements.

(b) With respect to a compensation offer for a payee:

- (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payer;
- (ii) the method set out in point (a)(ii) for calculating interest compensation shall apply except that interest compensation shall be payable at a rate equal to the difference between the marginal lending rate and the reference rate, and shall be calculated on the amount of any recourse to the marginal lending facility occurring as a result of the technical malfunction of TARGET2.

4. Procedural rules

- (a) A claim for compensation shall be submitted on the claim form available on the website of the ECB in English (see www.ecb.int). Payers shall submit a separate claim form in respect of each payee and payees shall submit a separate claim form in respect of each payer. Sufficient additional information and documents shall be provided to support the information indicated in the claim form. Only one claim may be submitted in relation to a specific payment or payment order.
- (b) Within four weeks of a technical malfunction of TARGET2, ►**M11** T2S DCA holders ◀ shall submit their claim forms to the ECB. Any additional information and evidence requested by the ECB shall be supplied within two weeks of such request being made.
- (c) The ECB shall review the claims and forward them to the ECB. Unless otherwise decided by the ECB's Governing Council and communicated to the ►**M11** T2S DCA holders ◀, all received claims shall be assessed no later than 14 weeks after the technical malfunction of TARGET2 occurs.
- (d) The ECB shall communicate the result of the assessment referred to in point (c) to the relevant ►**M11** T2S DCA holders ◀. If the assessment entails a compensation offer, the ►**M11** T2S DCA holders ◀ concerned shall, within four weeks of the communication of such offer, either accept or reject it, in respect of each payment or payment order comprised within each claim, by signing a standard letter of acceptance (in the form available on the website of the ECB (see www.ecb.int)). If such letter has not been received by the ECB within four weeks, the ►**M11** T2S DCA holders ◀ concerned shall be deemed to have rejected the compensation offer.
- (e) The ECB shall make compensation payments on receipt of a ►**M11** T2S DCA holder's ◀ letter of acceptance of compensation. No interest shall be payable on any compensation payment.

1. TARGET2 provides real-time gross settlement for payments in euro, with settlement in central bank money across PM accounts, T2S DCAs for the purpose of securities transactions and TIPS DCAs for the purpose of instant payments.

2. The following transactions are processed in TARGET2-ECB:

- (a) transactions directly resulting from or made in connection with Eurosystem monetary policy operations;
- (b) settlement of the euro leg of foreign exchange operations involving the Eurosystem;
- (c) settlement of euro transfers resulting from transactions in cross-border large-value netting systems;
- (d) settlement of euro transfers resulting from transactions in euro retail payment systems of systemic importance;
- (e) settlement of the cash leg of securities transactions;
- (f) T2S DCA to T2S DCA liquidity transfer orders, T2S DCA to PM liquidity transfer orders and PM to T2S DCA liquidity transfer orders;
- (g) instant payment orders;
- (h) positive recall answers;
- (i) TIPS DCA to PM liquidity transfer orders and PM to TIPS DCA liquidity transfer orders; and
- (j) any other transactions in euro addressed to TARGET2 participants.

3. TARGET2 provides real-time gross settlement for payments in euro, with settlement in central bank money across PM accounts, T2S DCAs and TIPS DCAs. TARGET2 is established and functions on the basis of the SSP through which payment orders are submitted and processed and through which payments are ultimately received in the same technical manner. Participation pursuant to these Conditions shall not create a contractual relationship between TIPS DCA holders and the TIPS Platform-providing NCBs when any of the latter acts in that capacity. Instructions, messages or information which a TIPS DCA holder receives from, or sends to, the SSP or TIPS Platform in relation to the services provided under these Conditions are deemed to be received from, or sent to, the ECB.

▼ M11

5. TARGET2 is legally structured as a multiplicity of payment systems composed of all the TARGET2 component systems, which are designated as ‘systems’ under the national laws implementing Directive 98/26/EC. TARGET2-ECB is designated as a ‘system’ under Section 1(16) of the KWG.

6. Participation in TARGET2 takes effect via participation in a TARGET2 component system. These Conditions describe the mutual rights and obligations of TIPS DCA holders in TARGET2-ECB and the ECB. The rules on the processing of payment orders under these Conditions (Title IV and Appendix I) refer to all payment orders submitted or payments received by any TIPS DCA holder.

In addition to the Conditions, the following rules shall apply to the interaction with the TIPS Platform:

1. Technical requirements for participation in TARGET2-ECB regarding infrastructure, network and formats

- (1) A TIPS DCA holder shall use the services of at least one TIPS network service provider for the exchange of messages.
- (2) A TIPS DCA holder shall specify a TIPS DN to receive messages relevant for the TIPS DCA holder, such as in relation to reports, and floor/ceiling notifications. This may be different from the TIPS DN used for the exchange of instant payments orders.
- (3) Each TIPS DCA holder shall pass a series of tests to prove its technical and operational competence before it may participate in TARGET2-ECB.
- (4) For the submission of TIPS DCA to PM liquidity transfer orders the services of a TIPS network service provider or the ICM shall be used. Liquidity transfer orders shall include, inter alia, the unique account number of up to 34 characters of the sending TIPS DCA holder and the BIC of the receiving PM account.
- (5) For the exchange of information with the TIPS Platform either A2A or U2A modes may be used. The security of the message exchange between the TIPS DCA and the TIPS Platform shall rely on the Public Key Infrastructure (PKI) service offered by the TIPS network service provider used. Information on the PKI service is available in the documentation provided by such TIPS network service provider.
- (6) For the exchange of information with the Common Reference Data Management component U2A mode shall be used. The Common Reference Data Management component allows users to configure, create and maintain reference data needed in TIPS service.
- (7) TIPS DCA holders shall comply with the ISO20022 message structure and field specifications. Message structure and field specifications are described in Chapter 3.3.2 of the TIPS UDFS.
- (8) Field contents shall be validated at the level of the TIPS Platform in accordance with the TIPS UDFS requirements.

The TIPS network service providers' networks shall be the underlying technical communications networks for exchanging information and running control measures. The following modes shall be available for use by TIPS DCA holders:

(a) Application-to-application mode (A2A)

In A2A, information and messages are transferred between the TIPS Platform and the TIPS DCA holder's internal application. The TIPS DCA holder therefore has to ensure that an appropriate application is available for the exchange of XML messages (requests and responses).

(b) User-to-application mode (U2A)

▼ M11

U2A permits direct communication between a TIPS DCA holder and the TIPS GUI. The information is displayed in a browser running on a PC system. For U2A access the IT infrastructure has to be able to support cookies and JavaScript. Further details are described in the TIPS User Handbook.

- (2) The 'Non-Repudiation of Origin' (NRO) signature allows the recipient of a message to prove that such message has been issued and has not been altered.
- (3) If a TIPS DCA holder has technical problems and is unable to submit a TIPS DCA to PM liquidity transfer order, it may contact its central bank which will on a best efforts basis act on behalf of the TIPS DCA holder.

7. Relevant documentation

Further details and examples explaining the above rules are contained in the User Handbooks and UDFS as relevant for TIPS, as amended from time to time and published on the ECB's website in English.

The only types of insolvency proceedings (including composition or rehabilitation) which, for the purpose of this Opinion, shall include all proceedings in respect of the TIPS DCA holder's assets or any branch it may have in [jurisdiction] to which the TIPS DCA holder may become subject in [jurisdiction], are the following: [list proceedings in original language and English translation] (together collectively referred to as 'Insolvency Proceedings').

In addition to Insolvency Proceedings, the TIPS DCA holder, any of its assets, or any branch it may have in [jurisdiction] may become subject in [jurisdiction] to [list any applicable moratorium, receivership, or any other proceedings as a result of which payment orders to and/or from the TIPS DCA holder may be suspended, or limitations can be imposed in relation to such payment orders, or similar proceedings, including crisis prevention and crisis management measures equivalent to those defined in Directive 2014/59/EU, in original language and English translation] (hereinafter collectively referred to as 'Proceedings').

Subject to the points set out below, all provisions of the System Documents will be binding and enforceable in accordance with their terms under the laws of [jurisdiction], in particular in the event of the opening of any Insolvency Proceedings or Proceedings with respect to the TIPS DCA holder.

In particular, we are of the opinion that:

3.3.a. *Processing of payment orders*

The provisions on processing of payment orders [list of sections] of the Rules are valid and enforceable. In particular, all payment orders processed pursuant to such sections will be valid, binding and will be enforceable under the laws of [jurisdiction]. The provision of the Rules which specifies the precise point in time at which payment orders become enforceable and irrevocable (Article 20) is valid, binding and enforceable under the laws of [jurisdiction].

The opening of Insolvency Proceedings or Proceedings in respect of the TIPS DCA holder will not affect the authority and powers of the ECB arising out of the System Documents. 3.4. *Voidable preferences*

We are of the opinion that no obligation arising out of the System Documents, the performance thereof, or compliance therewith prior to the opening of any Insolvency Proceedings or Proceedings in respect of the TIPS DCA holder may be set aside in any such proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

In particular, and without limitation to the foregoing, we express this opinion in respect of any transfer orders submitted by any participant in the System. In particular, we are of the opinion that the provisions of Article 20 of the Rules establishing the enforceability and irrevocability of transfer orders will be valid and enforceable and that a transfer order submitted by any participant and processed pursuant to Title IV of the Rules may not be set aside in any Insolvency Proceedings or Proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

3.5. *Attachment*

If a creditor of the TIPS DCA holder seeks an attachment order (including any freezing order, order for seizure or any other public or private law procedure that is intended to protect the public interest or the rights of the TIPS DCA holder's creditors) — hereinafter referred to as an 'Attachment' — under the laws of [jurisdiction] from a court or governmental, judicial or public authority that is competent in [jurisdiction], we are of the opinion that [insert the analysis and discussion].

3.6.c. *Enforcing title to security*

Even in the event of Insolvency Proceedings or Proceedings in respect of the TIPS DCA holder, other participants in the System and the ECB as pledgees will still be free to enforce and collect the TIPS DCA holder's rights or assets through the action of the ECB pursuant to the Rules.

3.6.d. *Form and registration requirements*

There are no form requirements for the assignment for collateral purposes of, or the creation and enforcement of a pledge or repo over the TIPS DCA holder's rights or assets and it is not necessary for the [assignment for collateral purposes, pledge or repo, as applicable], or any particulars of such [assignment, pledge or repo, as applicable,] to be registered or filed with any court or governmental, judicial or public authority that is competent in [jurisdiction].

3.7. *Branches [to the extent applicable]*3.7.a. *Opinion applies to action through branches*

This Opinion is stated as of its date and is addressed solely to the ECB and the [TIPS DCA holder]. No other persons may rely on this Opinion, and the contents of this Opinion may not be disclosed to persons other than its intended recipients and their legal counsel without our prior written consent, with the exception of the national central banks of the European System of Central Banks [and [the national central bank/relevant regulatory authorities] of [jurisdiction]].

2. All the services provided by the TIPS network service provider to the TIPS DCA holders shall be offered under a separate agreement entered into between them and in accordance with the detailed requirements for network service providers set out in the connectivity documentation as it shall read from time to time (hereinafter the 'connectivity documentation'). The connectivity documentation is available on the ECB's website and consists of: (a) the document entitled 'Connectivity – technical requirements' and the following attachments to it: 'MEPT – Message Exchange Processing for TIPS' and 'NSP Compliance Check Procedure'; and (b) the TIPS connectivity hosting terms and conditions. The TIPS DCA holders are invited to include the connectivity documentation in their agreement with the TIPS network service provider.
3. In order for a network service provider to enter into an agreement with a TIPS DCA holder as a TIPS network service provider, a compliance check of the network service provider shall be carried out to ensure that such provider is technically compliant with the requirements set out in the document 'Connectivity – technical requirements'. This check shall include, first, an evaluation of the network service provider's technical offer. If this evaluation is positive, a second stage of the compliance check shall be carried out, which includes a series of tests of the network service provider's technical solution. The compliance check is described in further detail in the 'NSP Compliance Check Procedure' referred to in paragraph 2.
4. If the network service provider successfully completes the compliance check, it signs the TIPS connectivity hosting terms and conditions with Banca d'Italia. Such TIPS network service provider may then be used by any TIPS DCA holders, under a separate agreement entered into by the former and the latter, and their names will be published on the ECB's website, solely for information purposes. The compliance check referred to in paragraph 3 shall be carried out within 120 calendar days from the date of the official notification of the start of that procedure to the TIPS DCA holder.
5. If a network service provider does not successfully complete any stage of the compliance check referred to in paragraph 3, the ECB shall inform the TIPS DCA holder at whose request the assessment referred to in paragraph 3 was initiated, of the rejection and the reasons for it.
6. It shall be incumbent upon TIPS DCA holders, in their own interest and under their separate agreement with their TIPS network service provider, to monitor whether the connectivity services to be provided by their TIPS network service provider fulfil all the technical and operational requirements as referred to in paragraph 2 at the time of the compliance check procedure, and for the entire period of time that the TIPS DCA holders are connected to the TIPS Platform.
7. Any TIPS platform-providing NCBs' monitoring of a TIPS network service provider's compliance with the technical and operational requirements shall be undertaken in the sole interest of protecting the integrity of the TIPS Platform and, hence, without prejudice to the monitoring carried out by the TIPS DCA holder in accordance with paragraph 6.
8. A TIPS network service provider may be disconnected from the TIPS platform if it ceases to meet the conditions of the connectivity documentation described in paragraph 2 or if the TIPS connectivity hosting terms and conditions are terminated for any other reason, as laid down in those terms and conditions. If a TIPS network service provider's connection to the TIPS Platform is terminated, it will be removed from the list of TIPS network service providers.
