

New national side of euro coins intended for circulation

(2019/C 192/10)

*National side of the new commemorative 2-euro coin intended for circulation and issued by Estonia*

Euro coins intended for circulation have legal tender status throughout the euro area. For the purpose of informing the public and all parties who handle the coins, the Commission publishes a description of the designs of all new coins ⁽¹⁾. In accordance with the Council conclusions of 10 February 2009 ⁽²⁾, euro-area Member States and countries that have concluded a monetary agreement with the European Union providing for the issuing of euro coins are allowed to issue commemorative euro coins intended for circulation, provided that certain conditions are met, particularly that only the 2-euro denomination is used. These coins have the same technical characteristics as other 2-euro coins, but their national face features a commemorative design that is highly symbolic in national or European terms.

Issuing country: Estonia

Subject of commemoration: Song Festival's 150-year anniversary

Description of the design: The design is inspired by the Song Celebration procession, which moves like the waves on the sea with cheers of pride and joy and a panoply of national dress. The design unites music, national costumes, and the various sites of the great and powerful Song Celebration of the nation by the sea. The design also features the first notes of the Estonian national anthem and, at the bottom, the words 'Laulupidu 150' (Song Celebration 150). At the top is the year of issuance '2019' and underneath the name of the issuing country 'EESTI'.

The coin's outer ring depicts the 12 stars of the European flag.

Estimated number of coins to be issued: 1 000 000

Date of issue: June 2019
