‘CHAPTER IXa

SPECIFIC MEASURES FOR THE NEW MEMBER STATES

SUBCHAPTER I

ADDITIONAL SUPPORT APPLICABLE TO ALL NEW MEMBER STATES

Article 33a

General provisions

This Subchapter lays down the conditions under which temporary additional support complementary to that under Chapters I to IX shall be granted for transitional rural development measures in the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia (hereinafter referred to as “the new Member States”) to address the specific needs of the new Member States during the programming period 2004-2006.

Article 33b

Support for semi-subsistence farms undergoing restructuring

1. Support for semi-subsistence farms undergoing restructuring shall contribute to the following objectives:

(a) to help ease rural transition problems as the agricultural sector and rural economy of the new Member States are exposed to the competitive pressure of the single market;

(b) to facilitate and encourage the restructuring of farms not yet economically viable.

For the purpose of this Article, “semi-subsistence farms” shall mean farms which primarily produce for their own consumption, but also market a proportion of their output.

2. To benefit from the support, the farmer must present a business plan which:

(a) demonstrates the future economic viability of the farm;

(b) contains details of investments required;

(c) describes specific milestones and targets.

3. Compliance with the business plan referred to in paragraph 2 shall be reviewed after three years. If the objectives set out in the plan have not been achieved by the time of the three-year review, no further support shall be granted, but there will be no requirement to repay monies already received.

4. Support shall be paid annually in the form of flat rate aid up to the maximum eligible amount specified in Annex II and for a period not exceeding five years.

Article 33c

Support for compliance with Community standards

1. Support may be granted to help farmers in the new Member States to adapt to standards established by the Community in the fields of the environment; public, animal and plant health; animal welfare and occupational safety until such time as the required standard is due to be met.

2. Farmers shall be entitled to the support if they:

- (a) benefit from support for investment in accordance with Chapter I, which will result in the relevant standard being met; or
- (b) supply a plan of the upgrading and/or alterations in husbandry practices required to comply with the relevant minimum standards which is prepared or certified by a person with recognised expertise.

Support shall only be available to farmers who can demonstrate that their agricultural holding is economically viable or will be economically viable at the end of the support.

3. Support shall be granted annually on a degressive basis, reducing to zero in equal steps. It shall be paid until such time as the standard is due to be met and for no more than 5 years.

Payment shall be fixed at a level which avoids overcompensation. When determining the level of annual support, account shall be taken of income forgone and the costs related to additional investments and workload.

The maximum amount eligible for Community support for the first year is laid down in Annex II. If the support cannot be calculated on an area basis, another appropriate amount may be established in the framework of the programming process.

Article 33d

Producer groups

1. Flat-rate support shall be granted in order to facilitate the establishment and administrative operation of producer groups which have as their objectives:

- (a) adapting the production and output of the producers who are members of such groups to market requirements;
- (b) jointly placing goods on the market, including preparation for sale, the centralisation of sales and supply to bulk buyers; and

(c) establishing common rules on production information, with particular regard to harvesting and availability.

2. The support shall be granted only to producer groups which are formally recognised by the competent authorities of the new Member State between the date of accession and the end of the programming period on the basis of either national or Community law.

3. The support shall be granted in annual instalments for the first five years following the date on which the producer group was recognised. It shall be calculated on the basis of the group's annual marketed production and shall not exceed:

- (a) 5 %, 5 %, 4 %, 3 % and 2 % of the value of the production up to EUR 1 000 000 marketed respectively in the first, second, third, fourth and fifth year, and
- (b) 2,5 %, 2,5 %, 2,0 %, 1,5 % and 1,5 % of the value of the production exceeding EUR 1 000 000 marketed respectively in the first, second, third, fourth and fifth year.

In any case, support shall not exceed the maximum eligible amounts laid down in Annex II.

In the case of Malta, a minimum aid for a sector of production where the total output is extremely small may be established. The sector concerned and the aid level shall be determined by the Commission.

Article 33e

Technical assistance

1. Support may be granted for the preparation, monitoring, evaluation and control measures which are necessary for the implementation of the rural development programming documents.

2. The measures referred to in paragraph 1 shall include in particular:

- (a) studies;
- (b) measures of technical assistance, the exchange of experience and information aimed at partners, beneficiaries and the general public;

3. The local action groups referred to in paragraph 2 may be eligible to participate in inter-territorial and transnational cooperation actions in accordance with the principles laid down in items 15 to 18 of the Commission Notice referred to in paragraph 2.

4. The new Member States and local action groups shall be given access to the Observatory of Rural Areas provided for in point 23 of the Commission Notice referred to in paragraph 2.

The amount of support shall be subject to the maximum amounts set out in Annex I to this Regulation and shall be calculated in relation to the size of the milk quota and the total farming activity on the holding.

Milk quotas allocated to a transferor shall be returned to the national milk quota reserve with no additional compensation payment.

2. By way of derogation from Article 21, Malta may exceed the limit of 10 % laid down for the total extent of the areas referred to in Article 20.

By way of derogation from Article 24(2), the maximum amounts per year eligible for Community support laid down in Annex I may be increased in the case of the measure to maintain and preserve rubble walls in Malta. The maximum amount per hectare payable under this derogation shall be established by the Commission.

Article 1b

Single Area Payment scheme for the new Member States

1. The new Member States may decide not later than the date of accession to replace the payments under the support schemes referred to in Article 1 during the period of application referred to in paragraph 9 with a single payment (referred to hereinafter as "single area payment") which shall be calculated according to paragraph 2.

2. The single area payment shall be made once a year. It shall be calculated by dividing the annual financial envelope established according to paragraph 3 by the agricultural area of each new Member State established according to paragraph 4.

3. For any new Member State, the Commission shall establish an annual financial envelope:

- as the sum of the funds that would be available in respect of the calendar year concerned for granting direct payments in the new Member State under the support schemes referred to in Article 1,
- according to the relevant Community rules and on the basis of the quantitative parameters, such as base areas, premium ceilings and Maximum Guaranteed Quantities (MGQ), specified in the Act of Accession for each support scheme, and
- adjusted using the relevant percentage specified in Article 1a for the gradual introduction of direct payments.

4. The agricultural area of a new Member State under the single area payment scheme shall be that part of its utilised agricultural area which has been maintained in good agricultural condition at 30 June 2003, whether in production or not at that date, and, where appropriate, adjusted in accordance with the objective criteria to be set by that new Member State after approval by the Commission.

"Utilised agricultural area" shall mean the total area taken up by arable land, permanent grassland, permanent crops and kitchen gardens as established by the Commission (EUROSTAT) for its statistical purposes.

5. For the purpose of granting payments under the single area payment scheme, all agricultural parcels corresponding to the criteria provided for in paragraph 4 shall be eligible.

The minimum size of eligible area per holding for which payments may be requested shall be 0,3 ha. However, any new Member State may decide, on the basis of objective criteria and after approval by the Commission, to set the minimum size at a higher level not exceeding 1 ha.

6. There shall be no obligation to produce or to employ the factors of production. However, farmers may use the land referred to in paragraph 4 for any agricultural purpose. In the case of production of hemp falling within CN Code 5302 10 00 Article 5a(2) of Regulation (EC) No 1251/1999 and (*) and Article 7b of Regulation (EC) No 2316/1999 (**) shall apply.

Any land benefiting from payments under the single area payment scheme shall be maintained in good agricultural condition compatible with the protection of the environment.

7. Where in a given year the single area payments in a new Member State would exceed its annual financial envelope, the national amount per hectare applicable in that new Member State shall be reduced proportionately by application of a reduction coefficient.

8. The Community rules on the Integrated Administration and Control System (hereinafter referred to as "IACS") laid down in Regulation (EEC) No 3508/92 (***), and in particular Article 2 thereof, shall apply to the single area payment scheme to the extent necessary. Accordingly, any new Member State choosing this scheme shall:

- prepare and process farmers' annual aid applications. Such applications shall only contain data on applicants and on declared agricultural parcels (identification number and area);
- put in place a land parcel identification system so as to ensure that the parcels for which aid applications have been made can be identified and their area established, that the parcels concern agricultural land and that they are not the subject of another application;
- have in place a computerised database for agricultural holdings, parcels and aid applications;
- check the aid applications in accordance with Articles 7 and 8 of Regulation (EEC) No 3508/92.

The application of the single area payment scheme shall not in any way affect the obligation of any new Member State with regard to the implementation of Community rules on the identification and registration of animals as provided for by Directive 92/102/EEC (****) and Regulation (EC) No 1760/2000 (*****).

9. For any new Member State the single area payment scheme shall be available for a period of application until the end of 2006 with the possibility of renewal twice by one year at the new Member State's request. Subject to the provisions of paragraph 11, any new Member State may decide to terminate the application of the scheme at the end of the first or the second year of the period of application. New Member States shall notify the Commission of their intention to terminate at least two months before the end of the last year of application.

10. Before the end of the period of application of the single area payment scheme, the Commission shall assess the state of preparedness of the new Member State concerned to apply fully the support schemes referred to in Article 1.

In particular, by the end of the period of application of the single area payment scheme, the new Member State shall have taken all necessary steps to set up the IACS laid down in Regulation (EEC) No 3508/92 for running properly the support schemes referred to in Article 1 in the form then applicable.

11. On the basis of its assessment, the Commission shall:

(a) note that the new Member State can enter the system of support schemes referred to in Article 1 applied in the present Member States,

or

(b) decide to extend the application of the single area payment scheme by the new Member State for the period estimated necessary to allow for the necessary management and control procedures to be fully in place and to function properly.

Before the end of the extended application period referred to in (b), paragraph 11 shall apply.

Until the end of the 5 year period of application of the single area payment scheme (i.e. 2008), the percentage rate set out in Article 1a shall apply. If the application of the single area payment scheme is extended beyond that date pursuant to a decision taken under (b), the percentage rate set out in Article 1a for the year 2008 shall apply until the end of the last year of application of the single area payment scheme.

12. After the end of the period of application of the single area payment scheme, the support schemes referred to in Article 1 shall be applied according to the relevant Community rules and on the basis of the quantitative parameters, such as base area, premium ceilings and Maximum Guaranteed Quantities (MGQ), specified in the Act of Accession for each support scheme, without prejudice to possible changes arising from amendments to the relevant Community legislation. The percentage rates set out in Article 1a for the relevant years shall subsequently apply.

13. New Member States shall inform the Commission in detail of the measures taken to implement this Article and in particular the measures taken pursuant to paragraph 7.

14. The single area payment scheme shall be considered as intervention as referred to in Article 1(2)(b) and Article 2(2) of Regulation (EC) No 1258/1999 (*****).

Article 1c

Complementary national direct payments and direct payments in the new Member States

1. For the purposes of this Article: "CAP-like national scheme" shall mean any national direct payment scheme applicable prior to the date of accession of the new Member States under which the support was granted to farmers in respect of production covered by one of the EU direct payment schemes listed in Annex I.

2. The new Member States shall have the possibility, subject to authorisation by the Commission, of complementing direct aid paid to a farmer under any CAP scheme listed in Annex I up to:

— 55 % of the level of direct payments in the Community as constituted on 30 April 2004 in 2004, 60 % in 2005 and 65 % in 2006 and from 2007 up to 30 percentage points above the applicable level referred to in Article 1a in the relevant year. However, in the potato starch sector the Czech Republic may throughout the entire period of phasing in of direct payments top up to 100 % of the level of direct payments in the Community as constituted on 30 April 2004 in the relevant year,

or

— the total level of direct support the farmer would have been entitled to receive, on a product by product basis, in the new Member State in the calendar year 2003 under a CAP-like national scheme increased by 10 percentage points. However for Lithuania the reference year shall be the calendar year 2002 and for Slovenia the increase shall be 10 percentage points in 2004, 15 percentage points in 2005, 20 percentage points in 2006 and 25 percentage points from 2007.

For each CAP scheme concerned the new Member States may choose to apply one of the two abovementioned options.

The total direct support the farmer may be granted in the new Member States after accession under the relevant EU scheme including all complementary national direct payments shall not exceed the level of direct support the farmer would be entitled to receive under the corresponding EU scheme then applicable to the Member States in the Community as constituted on 30 April 2004.

3. Cyprus may complement direct aid paid to a farmer under any CAP scheme listed in Annex I up to the total level of support the farmer would have been entitled to receive in Cyprus in 2001.

The Cypriot authorities shall ensure that the total direct support the farmer is granted after accession in Cyprus under the relevant EU scheme including all complementary national direct payments in no case exceeds the level of direct support the farmer would be entitled to receive under that scheme in the relevant year in the Community as constituted on 30 April 2004.

The total amounts of complementary national aid to be granted shall be those indicated in Annex II.

The complementary national aid to be granted shall be subject to any adjustments which may be rendered necessary by developments in the common agricultural policy.

The provisions of paragraphs 2 and 5 shall not apply to Cyprus.

4. If a new Member State decides to apply the single area payment scheme, that new Member State may grant complementary national direct aid under the conditions referred to in paragraphs 5 and 8.

5. The total amount per sector of complementary national aid granted in a given year when applying the single area payment scheme shall be limited by a specific financial envelope per sector. This envelope shall be equal to the difference between:

- the total amount of support per sector resulting from the application of the first or second indent of paragraph 2, as appropriate, and

- the total amount of direct support that would be available in the relevant new Member State for the same sector in the year concerned under the single area payment scheme.

6. The new Member State may decide on the basis of objective criteria and after authorisation by the Commission, on the amounts of complementary national aid to be granted.

7. The authorisation by the Commission shall:

- where paragraph 2, second indent applies, specify the relevant CAP-like national direct payment schemes,

- define the level up to which the complementary national aid may be paid, the rate of the complementary national aid and, where appropriate, the conditions for the granting thereof,

- be granted subject to any adjustments which may be rendered necessary by developments in the common agricultural policy.

8. No complementary national payments or aid shall be granted for agricultural activities covered by a common market organisation not directly supported by a support scheme referred to in Article 1.

9. Cyprus may, in addition to the complementary national direct payments, grant transitional and degressive national aid until the end of 2010. This State aid shall be granted in a form similar to Community aid, such as decoupled payments.

The State aid to be granted shall be subject to any adjustments which may be rendered necessary by developments in the common agricultural policy. Should such adjustments prove necessary, the amount of the aid or the conditions for the granting thereof shall be amended on the basis of a decision by the Commission.

Cyprus shall submit an annual report to the Commission on the implementation of the State aid measures, indicating the aid forms and amounts per (sub)sector.

10. Latvia may, in addition to the complementary national direct payments, grant transitional and degressive national aid until the end of 2008. This State aid shall be granted in a form similar to Community aid, such as decoupled payments.

Latvia may grant State aid to the (sub)sectors listed in Annex IV up to the amounts specified in that Annex.

The State aid to be granted shall be subject to any adjustments which may be rendered necessary by developments in the common agricultural policy. Should such adjustments prove necessary, the amount of the aid or the conditions for the granting thereof shall be amended on the basis of a decision by the Commission.

Latvia shall submit an annual report to the Commission on the implementation of the State aid measures, indicating the aid forms and amounts per (sub)sector.
